Churchville Heritage Conservation District

HERITAGE PERMIT APPLICATION

The Village of Churchville is a designated Heritage Conservation District under Part V of the *Ontario Heritage Act*. In accordance with the Act, a permit is required to be issued by City Council for all applications proposing to erect, demolish, remove or alter the exterior of buildings or structures or other cultural heritage attributes within the District.

The Churchville Heritage Committee, in its advisory role to Brampton City Council, reviews development applications for properties located within the Village of Churchville Heritage Conservation District. Comments from the Churchville Heritage Committee are forwarded to the Brampton Heritage Board for review. The Brampton Heritage Board reviews the application, considers the submitted comments, and makes a recommendation that is brought forth to Brampton's City Council. City Council has the authority under the *Ontario Heritage Act* to approve any heritage application either with or without conditions or to reject the permit application entirely.

Please provide the following information (type or print)

A. REGISTERED OWNER (Not	e: full Name & Address)
