

SECTION 6.0 GENERAL PROVISIONS FOR ALL ZONES

6.1 Non-Conforming Uses

Nothing in this by-law shall prevent the repair or renovation of a legally non-conforming building or structure which was erected prior to the date of the passing of this by-law, provided that such repair or renovation shall not:

- (a) cause those provisions of this by-law with which the existing building or structure does not comply to be contravened to a greater extent, or
- (b) cause non-compliance with any other provisions of this by-law.

6.2 Non-Complying Buildings

Where a use is permitted, a building or structure erected prior to the date of the passing of this by-law and used for a purpose permitted by this by-law, but not complying with the minimum requirements or restrictions of this by-law relating to such building or structure, or to the lot upon which it is located, may be occupied, reconstructed, repaired, renovated or enlarged, provided that such reconstruction, repair, renovation or enlargement shall not:

- (a) cause those provisions of this by-law with which the existing building, structure or lot does not comply to be contravened to a greater extent; or,
- (b) cause non-compliance with any other provisions of this by-law.

6.3 Lot Width, Depth or Area Reduced by Public Action

Where, by expropriation or highway widening or other land acquisition by the City, the Regional Municipality of Peel or the Crown in Right of Ontario or Canada, a lot is caused to have less lot width, less lot area or less lot depth than that required by this by-law, a building or structure may be erected or used on such a lot if all other requirements of this by-law are complied with, notwithstanding anything to the contrary in this by-law.

6.4 Yards or Building Setbacks Reduced by Public Action

Where, by expropriation or highway widening or other land acquisition by the City, the Regional Municipality of Peel or the Crown in Right of Ontario or Canada, the yards or building setbacks are reduced to less than the requirements of this by-law, an existing building or structure may be repaired, renovated or altered as long as the setbacks or yards are not further reduced by such repair, renovation or alteration, and as long as all other requirements of this by-law are complied with, notwithstanding anything to the contrary in this by-law.

6.5 Road Allowances and Setback shown on Schedule B

Schedule B which indicates the minimum setback standards for certain roads, are attached to and form part of this by-law. Except where provided elsewhere in this by-law no building or structure shall be erected or used except in accordance with the provisions of Schedule B.

6.6 Frontage on Road or Street

No person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon a street.

6.7 Building to be Moved

No building may be moved into any zone where it is not permitted.

6.8 Multiple Uses

Where any land or building is used for more than one purpose, all provisions of this by-law relating to each use shall be complied with.

(280-06)

6.9 Parent Zones and Special Sections

In this by-law and its Schedules, a zone may be particularized with a suffix, consisting of the word "section", in full or its abbreviated form such as "sec." Or "s." followed by a three or four digit whole number (that is, a number without a decimal point), or a three or three or four digit whole number only; and such whole number may be preceded by preceded by a dash or be enclosed by brackets. The suffix is a reference to Special Section in Part III of this by-law. In addition to regulations and restrictions contained in the Special Section, all regulations and restrictions of the Parent Zone (listed in Section of this by-law) before the Special Section and all other provisions shall also apply to the particular zone provided that they are not in conflict with the regulations and restrictions set out in the applicable Special Section, unless clearly indicated otherwise. There is no functional difference between any way of denoting the suffix, for

example, zones described as C1 – Section 1658, M2 – sec. 1658, R1D – s.1658, R2A – 1658, R1D(1658), R1E-10.5-1658, and R2C-7.35(1658) would all be subject to the regulations and restrictions in Special Section 1658 of this by-law.

6.10 Utility Uses Permitted

The provisions of this by-law shall not apply to prevent the use of any land or the erection or use of any building, structure, plant, or equipment by a public authority or a private electric utility company or other private utility company regulated by the Government of Ontario or a Crown agency thereof for a utility installation other than power generation, and such use or erection may be permitted subject to the following requirements and restrictions:

- (a) other than an electric power transmission line, the size, height, coverage and yard regulations required for the zone in which such land, building, structure, plant, or equipment is located shall be complied with except for a facility less than 1 square metre in area and 2 metres in height, which may be located not less than 3 metres from a public road right-of-way and 1.5 metres from any other property line;

(129-2014)(257-2014)

6.35 Downtown Floodplain Regulations

- (a) Notwithstanding the applicable zoning for lands within the Downtown Floodplain Regulation Areas, as shown on Schedule B-6 to this by-law, the following regulations shall also apply to those lands:

Downtown Floodplain Regulation Area Shown on Schedule B-6	A	B	C
Maximum Residential Units Constructed after May 7, 2014	900	185	0
Maximum Total Gross Non-residential Floor Area	41,000 square metres	45,000 square metres	88,000 square metres (of which the combined amount of hotels or motels cannot exceed 150 suites or 11,000 square metres of gross floor area)

- (b) The following requirements shall apply to lands within the Downtown Floodplain Regulation Area as shown on Schedule B-6 to this by-law:
 - (i) New residential uses constructed after May 7, 2014, shall provide an emergency pedestrian Access from the building to lands situated at or above the Regulatory Storm Flood elevation as established by the Toronto and Region Conservation Authority. Such emergency pedestrian access shall be above the Regulatory Storm Flood elevation in its entirety. Non-residential uses shall not be required to provide an emergency access.
 - (ii) Hotels or motels within Downtown Floodplain Regulation Areas A, B, and C as shown on

Schedule B-6 to this By-law constructed after May 7, 2014 shall be required to provide an emergency pedestrian access in accordance with the requirements for new residential uses set out in Section 6.35 b) i).

- (iii) All new buildings and structures shall be floodproofed to the level of the Regulatory Storm Flood elevation. (Dry passive floodproofing of new buildings or structures is preferred). Where it has been demonstrated to the satisfaction of the City in consultation with the TRCA that it is technically impractical to flood proof a building or structure to the Regulatory Flood level, floodproofing must be to the highest level technically feasible. However, the minimum floodproofing level shall be to the 1:350 storm elevation, as determined by the Toronto and Region Conservation Authority.
- (iv) All new buildings and structures constructed after May 7, 2014 must locate primary building system controls such as service units and panels, at or above the Regulatory Storm Flood elevation.
- (v) No new dwelling units, or suites for hotels or motels shall be constructed below the Regulatory Storm Flood elevation.
- (c) Notwithstanding Section 6.35 b) iii), development within the Downtown Floodplain Regulation Area C (as shown on Schedule B-6 to this By-law) abutting Main Street and/or Queen Street is permitted to be floodproofed and provide entrances and ground floor finished floor elevations to the 1:350 year storm elevation. Entrances to below-grade parking structures shall be dry passively floodproofed in accordance with Section 6.35 b) iii).
- (d) No additional dwelling units (over those which legally existed as of May 7, 2014) shall be permitted within area Downtown Floodplain Regulation Area D (as shown on Schedule B-6 to this by-law) unless safe access to lands outside of the Downtown Floodplain Regulation Area can be achieved from the building. Such access shall be over lands entirely above the Regulatory Storm elevation as established by the Toronto and Region Conservation Authority.
- (e) All newly constructed residential habitable living space within or added to an existing dwelling in Downtown Floodplain Regulation Area D as shown on Schedule B-6 to this by-law, shall be floodproofed to the Regulatory Storm Flood elevation.
