WHEREAS the City of Brampton has and will continue to experience growth through Development;

AND WHEREAS Development requires the provision of physical and other services by the City;

AND WHEREAS Council desires to ensure that the Capital Cost of meeting the growth related demands for, or the burden on, City services does not place an undue financial burden on the City or its existing taxpayers while, at the same time, ensuring new development contributes no more than the Net Capital Cost attributable to providing the current or historic level of City services;

AND WHEREAS the Development Charges Act, 1989, S.O. 1989, c. 58 empowers Council to pass by-laws for the imposition of Development Charges if Development within the City is for uses which would increase the need for City services and any one or more of the actions set out in subsection 3(1) of the Act are required for such Development;

AND WHEREAS the City has undertaken a study of, among other matters, services, service levels, expected growth, growth related facilities and the costs thereof;

AND WHEREAS Council had before it a report entitled "City of Brampton Development Charges Study Proposal for Development Charges" submitted by Marshall, Koenig & Associates ("Marshall, Koenig") dated September 30th, 1991, (the "Study");

AND WHEREAS the Study was made available to the public and Council gave notice to the public and held a meeting pursuant to section 4 of the Act on October 7th, 1991, prior to and at which information sufficient for the public to understand the Development Charge proposal was provided to the public and Council heard comments and representations from all persons who applied to be heard (the "Public Meeting");

**AND WHEREAS** following the Public Meeting, Council afforded the public an additional period of time for the submission of further written representations;

**AND WHEREAS** at a special meeting of Council held on October 21st, 1991, Council heard further representations from the public;

- (ii) For all Services set out in Schedule "A" other than Public Works – 20 Year Transportation Services, at the base rate of \$4.44 per square metre (as indexed hereunder from time to time) of Gross Floor Area for a non-residential building or structure or non-residential portion of a mixed-use building;

- (e) Notwithstanding subsection 7(b) above, where a Development requires an approval mentioned in clauses 5(c)(i) to (vi) inclusive of this by-law, after the issuance of a building permit and no Development Charge has been paid, then the Development Charge shall be paid prior to the granting of approval required by clauses 5(c)(i) to (vi) inclusive.

8. If a Development does not require a building permit, then the Development Charge shall nonetheless be payable and shall be calculated, payable and collected prior to the earliest of any of the approvals required for the Development as mentioned in clauses 5(c)(i) to (vi) inclusive of this by-law being granted.

9. The Development Charges set out in Schedule "B" shall be adjusted without amendment to this by-law semi-annually on February 1st and August 1st in each year, commencing on August 1st, 1992, in accordance with the most recent six month change in the Southam Construction Cost Index - Ontario Composite published prior to February 1st and August 1st each year, with the base index value being that in effect on December 31st, 1991.
10. Nothing in this by-law prevents Council from requiring, as a condition of any approval given under the Planning Act that the Owner, at the Owner's expense, install such Local Services as Council may require or that local connections to storm drainage facilities be installed at the Owner's expense.
11. (a) Council, by written agreement, may permit an Owner to commute all or part of the Development Charge in respect of a particular Development by the provision of one or more services in lieu, provided such services in lieu are at a standard that is equal to but not greater than the standard for the equivalent Service for which a Development Charge is payable hereunder. Such agreement shall provide further for a credit equal to the reasonable cost to the Owner of providing the service in lieu, provided that the credit shall not exceed the total amount of the Development Charge payable for that Development.
- (b) Any dispute as to the reasonable cost of providing the services in lieu under subsection 11(a) shall be referred to Council whose decision shall be final and binding.
12. A certified copy of this by-law may be registered in the by-law register in the Land Registry Office against all lands in the City and may be registered against the title to any land to which this by-law applies.

- (c) Council further directs the Treasurer to divide the reserve fund or funds created hereunder into separate subaccounts in accordance with the categories of municipal services set out on Schedule "A" to this by-law to which Development Charge payments and income earned thereon shall be credited in accordance with the percentages shown on Schedule "A".
- (d) The amounts contained in the reserve fund or funds established under subsection 13(b) of this by-law shall be invested in accordance with subsection 165(2) of the Municipal Act, R.S.O. 1980, c. 302, as amended.
- (e) The Treasurer of the City shall furnish to Council, in each year on or before June 30th, a statement in respect of the reserve fund or funds established hereunder containing the information required under the Regulation.
- (f) Where any Development Charge, or part thereof, remains unpaid after the date upon which the Development Charge is payable in accordance with subsection 7(a) of this by-law, the amount unpaid shall be added to the tax roll and shall be collected as taxes.

14. If, before the coming into force of this by-law, an Owner or former Owner has paid a capital contribution or lot levy or both related to a Development to which this by-law applies, then the Owner shall not be required to pay a Development Charge payable hereunder provided the intensity of the Development has not increased. If the intensity of the Development has increased, then subsection 17(c) of this by-law shall apply with the necessary modifications.

15. If Development involves the demolition of a building or structure, the Owner shall be given a credit against the Development Charge payable hereunder, such that the Development Charge hereunder is payable only in respect of the net increase in residential Dwelling Units or the Gross Floor Area of Non-Residential Uses or both.

16. (a) If this by-law is amended or repealed by Council pursuant to an order of the Ontario Municipal Board or is amended or repealed by the Ontario Municipal Board, the Treasurer shall determine within 30 days of the amendment or repeal whether any Owner has overpaid in respect of the Development Charge payable hereunder immediately prior to the repeal or amendment of this by-law and if such an overpayment has been made, the Treasurer shall calculate the amount of such overpayment.

(b) Any overpayment determined under subsection 16(a), shall be paid to the Owner who made the payment or on whose behalf the payment was made within 30 days of the date of the repeal or amendment of this by-law.

(c) If the Owner cannot be found or the last address of the Owner is unknown then the repayment obligation under subsection 16(b) is at an end.

(d) The refund payable under subsection 16(b) shall be paid with interest calculated from the date upon which the overpayment was collected to the date on which the refund is made. Such interest shall be calculated and paid at the Rate in effect from time to time from the date of enactment of this by-law as adjusted in subsection 16(e).

(e) The Rate in effect on the date of enactment of this by-law shall be adjusted on the first business day of January, 1992 to the Rate to be applicable on that day and thereafter the Rate shall be adjusted four times each year on the first business days of April, July, October and January to the Rate applicable on the day of the adjustment.

17. (a) Sections 1 through 5 inclusive of By-law No. 255-89 are hereby repealed effective on the date this by-law comes into force.

(b) Notwithstanding the provisions of this by-law, any Servicing Agreement made on or before the date this by-law comes into force shall remain in full force and effect and capital contributions or lot levies or both shall be payable according to the terms of such Servicing Agreement.

(c) Notwithstanding subsection 17(b), where Development for Residential Uses or Non-Residential Uses which is the subject of an agreement to which subsection 17(b) applies, is subsequently the subject of one or more of the actions described in subsection 5(c) of this by-law and if the subsequent action has the effect of increasing the need for Services, an additional Development Charge in respect of the increased Development permitted by that action shall be calculated, payable and collected in accordance with the provisions of this by-law.

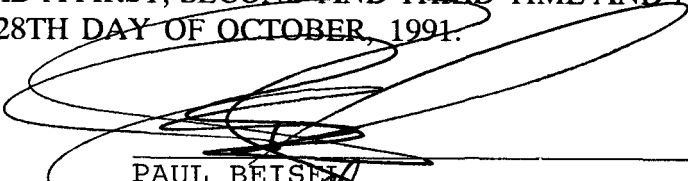

18. If, for any reason, any provision, section, subsection or paragraph of this by-law is held to be invalid, it is hereby declared to be the intention of Council that all the remainder of this by-law shall continue in full force and effect until repealed, re-enacted, amended or modified, in whole or in part or dealt with in any other way,

notwithstanding that one or more of such provisions, sections, subsections or paragraphs hereof shall have been declared invalid.
