MEMORANDUM OF ORAL DECISION delivered by J. R. TOMLINSON
on December 10, 1990 and ORDER OF THE BOARD

The Board will approve the requested Official Plan Amendment as set out in Exhibit 6 and attached as Schedule "A" to this decision. The Board so orders.

The Board will amend the City's Zoning By-law, By-law No. 151-88, as amended, in accordance with the draft amendments set out in Exhibits 7 and 8 attached as Schedules "B" and "C" respectively to this decision. The Board so orders.

The draft amendment set out in Exhibit 7 is that appealed for by the Sandringham group of companies under File No. Z 9000127 and the one set out in Exhibit 8 is that appealed for by the Wellingdale group of companies under File No. Z 9000128.

The Board will take no action on the two draft plans of subdivision referred to it by the Regional Municipality of Peel because it was satisfied by counsel for the applicants that the Regional Municipality has now taken back those draft plans under Section 64 of the Planning Act, 1983. The Board therefore no longer has jurisdiction to deal with those draft plans.

Both the requested Official Plan amendment and the two zoning by-law amendments applied for are now supported by the City of Brampton.

The essential purpose of each of the requested zoning amendments is to allow the construction of a residential subdivision.

The Official Plan amendment which the Board was asked to approve would allow the City Council to permit up to 15 percent of single family density dwellings to contain a second accessory dwelling unit subject to specific design and locational criteria. It is only part of the original amendment applied for and referred to the Board, the remainder of the amendment having been abandoned by the applicants without prejudice to their rights to apply for it again in the future if they find it necessary.

The zoning amendment applied for by the Sandringham group of companies would rezone that company's subdivision lands from agricultural to various residential categories, a commercial category, a highway commercial category, a special institutional category and open space.

The zoning amendment applied for by the Wellingdale group of companies would rezone that company's subdivision lands from

agricultural (A) to various residential categories, a commercial category, four institutional categories, flood plain, and open space.

The lands of these two companies proposed for the two subdivisions total almost 600 acres in size and are located in an area of Brampton bounded on the west by Dixie Road, on the south by Bovaird Drive and on the east by Airport Road. They are subject to the secondary plan provisions added to the City's Official Plan by Official Plan Amendment 149.

The Board was satisfied by the evidence of David Ross, Manager of Planning and Development for the City of Brampton, that the Official Plan amendment for which the Board's approval was requested represented good planning and was consistent with the secondary plan for this area, in particular the provisions of that plan for encouraging and facilitating the development of rental housing subject to appropriate design and locational criteria.

The Board was also satisfied by Mr. Ross' evidence that the two zoning amendments applied for implement and are consistent with the secondary plan for the area and that they represent good planning. As well, Mr. Ross stressed that the by-laws provide for an imaginative mix of housing forms which will result in a proportion of affordable housing that goes well beyond the goals of the Official Plan.

The only other person to give evidence at the hearing was Mr. Richard Turner who lives across Bramalea Road to the east from a portion of the proposed Sandringham subdivision which will contain medium density housing.

He was concerned that the form of the medium density housing proposed is not conducive to pride of ownership and that it will soon become run down and slum-like. He based this on his knowledge of what he said was similar housing in the City of Windsor.

Mr. Turner was also concerned that the part of the proposed subdivision designated as Sandalwood Parkway ended at Bramalea Road right across the street from his property. He was worried about the volume of traffic that would exit onto Bramalea Road opposite his property and about the likelihood that this future road would ultimately be extended over his own property and onto the east.

The Board has sympathy with Mr. Turner's position but it seems that the main source of his problems is the secondary plan for this area which was added to the City Official Plan by Official Plan Amendment 149. That secondary plan is very detailed. It shows medium density housing in this location across from Mr. Turner's house and the evidence was that the proposed zoning amendment applicable to this location would implement and be consistent with this secondary plan.

As well, the secondary plan shows the proposed location for Sandalwood Parkway as joining up with Bramalea Road across from Mr. Turner's property and then extending through his property towards the east.

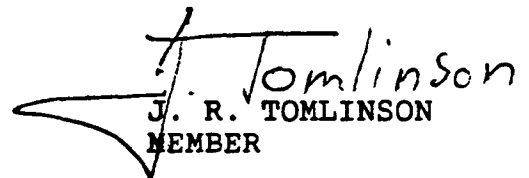

That secondary plan has been discussed and approved and cannot be reopened at this hearing.

- 7 -

Finally, the Board was unable to find from Mr. Turner's evidence that the particular form of medium density housing envisaged for this location was any better or any worse than any other. In connection with this point, the Board notes that there is a substantial buffer between Mr. Turner's house and this medium density housing in the form of Bramalea Road, a major road, and seven foot high "fencing" between the medium density housing and the road.

Aside from the applicants, the City and Mr. Turner, one other person was represented at the hearing, namely, Sandringham Developments Limited (no relation to the appellant Sandringham group of companies). That company which owns land in the area was represented by counsel at the hearing who took no part in the hearing but informed the Board that his client supported the applications.

MEMORANDUM OF ORAL DECISION delivered by J. R. TOMLINSON
on December 10, 1990 and ORDER OF THE BOARD

The Board will approve the requested Official Plan Amendment as set out in Exhibit 6 and attached as Schedule "A" to this decision. The Board so orders.

The Board will amend the City's Zoning By-law, By-law No. 151-88, as amended, in accordance with the draft amendments set out in Exhibits 7 and 8 attached as Schedules "B" and "C" respectively to this decision. The Board so orders.

The draft amendment set out in Exhibit 7 is that appealed for by the Sandringham group of companies under File No. Z 9000127 and the one set out in Exhibit 8 is that appealed for by the Wellingdale group of companies under File No. Z 9000128.

The Board will take no action on the two draft plans of subdivision referred to it by the Regional Municipality of Peel because it was satisfied by counsel for the applicants that the Regional Municipality has now taken back those draft plans under Section 64 of the Planning Act, 1983. The Board therefore no longer has jurisdiction to deal with those draft plans.

Both the requested Official Plan amendment and the two zoning by-law amendments applied for are now supported by the City of Brampton.

The essential purpose of each of the requested zoning amendments is to allow the construction of a residential subdivision.

The Official Plan amendment which the Board was asked to approve would allow the City Council to permit up to 15 percent of single family density dwellings to contain a second accessory dwelling unit subject to specific design and locational criteria. It is only part of the original amendment applied for and referred to the Board, the remainder of the amendment having been abandoned by the applicants without prejudice to their rights to apply for it again in the future if they find it necessary.

The zoning amendment applied for by the Sandringham group of companies would rezone that company's subdivision lands from agricultural to various residential categories, a commercial category, a highway commercial category, a special institutional category and open space.

The zoning amendment applied for by the Wellingdale group of companies would rezone that company's subdivision lands from

agricultural (A) to various residential categories, a commercial category, four institutional categories, flood plain, and open space.

The lands of these two companies proposed for the two subdivisions total almost 600 acres in size and are located in an area of Brampton bounded on the west by Dixie Road, on the south by Bovaird Drive and on the east by Airport Road. They are subject to the secondary plan provisions added to the City's Official Plan by Official Plan Amendment 149.

11

The Board was satisfied by the evidence of David Ross, Manager of Planning and Development for the City of Brampton, that the Official Plan amendment for which the Board's approval was requested represented good planning and was consistent with the secondary plan for this area, in particular, the provisions of that plan for encouraging and facilitating the development of rental housing subject to appropriate design and locational criteria.

The Board was also satisfied by Mr. Ross' evidence that the two zoning amendments applied for implement and are consistent with the secondary plan for the area and that they represent good planning. As well, Mr. Ross stressed that the by-laws provide for an imaginative mix of housing forms which will result in a proportion of affordable housing that goes well beyond the goals of the Official Plan.

The only other person to give evidence at the hearing was Mr. Richard Turner who lives across Bramalea Road to the east from a portion of the proposed Sandringham subdivision which will contain medium density housing.

- 6 -

He was concerned that the form of the medium density housing proposed is not conducive to pride of ownership and that it will soon become run down and slum-like. He based this on his knowledge of what he said was similar housing in the City of Windsor.

Mr. Turner was also concerned that the part of the proposed subdivision designated as Sandalwood Parkway ended at Bramalea Road right across the street from his property. He was worried about the volume of traffic that would exit onto Bramalea Road opposite his property and about the likelihood that this future road would ultimately be extended over his own property and onto the east.

The Board has sympathy with Mr. Turner's position but it seems that the main source of his problems is the secondary plan for this area which was added to the City Official Plan by Official Plan Amendment 149. That secondary plan is very detailed. It shows medium density housing in this location across from Mr. Turner's house and the evidence was that the proposed zoning amendment applicable to this location would implement and be consistent with this secondary plan.

As well, the secondary plan shows the proposed location for Sandalwood Parkway as joining up with Bramalea Road across from Mr. Turner's property and then extending through his property towards the east.

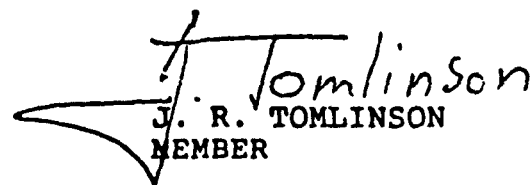

That secondary plan has been discussed and approved and cannot be reopened at this hearing.

- 7 -

Finally, the Board was unable to find from Mr. Turner's evidence that the particular form of medium density housing envisaged for this location was any better or any worse than any other. In connection with this point, the Board notes that there is a substantial buffer between Mr. Turner's house and this medium density housing in the form of Bramalea Road, a major road, and seven foot high "fencing" between the medium density housing and the road.

Aside from the applicants, the City and Mr. Turner, one other person was represented at the hearing, namely, Sandringham Developments Limited (no relation to the appellant Sandringham group of companies). That company which owns land in the area was represented by counsel at the hearing who took no part in the hearing but informed the Board that his client supported the applications.
