Councillor Whillans and I would like to provide you with the latest development in regards to Mayfield Dr. and Kennedy Rd.

In September of 2017, Paradise Homes attended our Ward 2 Town Hall meeting to present their proposed development application for the property. We, as well as the majority of residents were somewhat in favour of the application. The developer met with staff to review recommendations and was advised to modify and file the application. At this point, the application changed to what is currently being proposed. We, as well as many concerned residents were not in favour; our office has fielded many resident concerns.

Paradise Homes has decided not to proceed with the purchase of the property, therefore will not be going forward with an application to amend the Official Plan and Zoning By-law to develop the lands through a draft plan of subdivision and has withdrawn the application. The Public Meeting scheduled for February 12th has been cancelled.

We appreciate the comments we have received from residents and are committed to continue to work together to ensure development of these lands is in the best interest of Ward 2 constituents; community involvement is pivotal in the success of our neighbourhoods.
