Purpose and Effect

The purpose of the proposed City-initiated amendment is to limit the capacity in terms of maximum occupant load at the Khalsa Community School site.

The effect of the proposal is to implement a cap on student enrollment at the school.

Background

- The subject property is located at 69 Maitland Street (Ward 7).
- An application (City file: SP13-073.000) for site plan approval was submitted to permit seven portables bringing the number of portables to a total of thirteen. The application was appealed by the applicant to the Ontario Municipal Board (OMB).
- The OMB approved an interim site plan for traffic circulation, portable relocation and site works, subject to conditions on October 20, 2017. That decision was based on a specific maximum building occupancy for individuals.
- This City-initiated Zoning By-law amendment is one of the conditions of the OMB-approved interim site plan and would implement the maximum building occupancy, as per the OMB decision.

If you have received this notice as an owner of a property and the property contains 7 or more residential units, the City requests that you post this notice in a location that is visible to all the residents, such as on a notice board in the lobby.
