## City of Brampton Heritage Heights Transportation Master Plan NOTICE OF PUBLIC INFORMATION CENTRE #2

### THE STUDY:

The City of Brampton is undertaking a Transportation Master Plan as a supporting study for the Heritage Heights Community (Secondary Plan Areas 52 and 53). This study will identify the transportation needs of the new community in the Secondary Plan areas in northwest Brampton and consider a wide range of options to satisfy future travel demands. Key objectives of the Transportation Master Plan include:

- Identifying opportunities for a transportation corridor crossing of the Credit River valley, and refining the North-South Corridor Protection Area in northwest Brampton
- Planning for road and transit projects as part of a preferred transportation network and strategy that are innovative, pedestrian/cycling-friendly, and transit-oriented to support the development of Heritage Heights and the Northwest Brampton area as a “complete community”.

### THE PROCESS:

The transportation study is being conducted as a Transportation Master Plan in accordance with Phases 1 and 2 of the Municipal Class Environmental Assessment (2000, as amended 2011) The study will assess environmental, social, economic and technical criteria and will address the interests of area residents, stakeholders and local businesses in selecting the preferred solution.

### PUBLIC CONSULTATION:
