

## Planning, Building and Economic Development

**Building Division** 8850 McLaughlin Road, Unit 1 Brampton, ON L6Y 5T1

## **BUILDER BULLETIN #2022-02**

(February 14, 2022)

## **IMPORTANT NOTICE TO BUILDERS**

**Submission of Certified Models and Residential Repeat Applications for Pre-Review** 

As of February 22, 2022, we will no longer require builders to submit Certified Model Applications or Repeat Siting Applications for pre-review to building.inguiries@brampton.ca.

Our online submission site now has the ability to rework a submission back to the customer so the pre-review stage is no longer required. Should a submission require a rework, they will receive a rework email along with instructions on what to include or fix.

Click here to read the updated Homebuilder Submission Guidelines.

There were also some minor edits made to these forms below:

Production Residential Application Summary Addendum

**Certified Model Application Form** 

Please ensure you are using the latest version.
