AGREEMENT BETWEEN: _____, "Cardholder" AND:
CARDHOLDER'S NAME
THE CORPORATION OF THE CITY OF BRAMPTON, "Corporation"

Use of the TRANSPONDER constitutes acceptance of the Terms and Conditions of this Public Transponder AGREEMENT. A fee has been rendered as part of the issuance of the transponder. I understand that the fee for the transponder is non-refundable.

I, the aforementioned cardholder hereby accept the Terms and Conditions contained in this agreement and acknowledge receipt of a TRANSPONDER, in good condition. I further acknowledge receipt of a copy of Policy **PARK2010-01** that outlines the conditions associated with the transponder use, as well as the operation and care of the transponder and agree to abide by the conditions set therein.

POLICIES & PROCEDURES MANUAL

page 1

DATE EFFECTIVE May 1, 2010	REPLACES NEW	POLI. & PROC. NUMBER PARK2010-01
-------------------------------	-----------------	-------------------------------------

SUBJECT:
GENERAL PUBLIC USER ISSUANCE & USE OF TRANSPONDERS

Originator	George Yip	Municipal Parking Operations Supervisor	May 1, 2010	
Approved	Michael Parks	Manager, Traffic Engineering Services	May 1, 2010	
	Name	Title	Date	Signature

PURPOSE:

This document will define the care, use and responsibilities associated with the issuance of a **transponder tag** to a general public user for parking facilities operated by the City of Brampton.

INTERPRETRATION:

The TRANSPONDER TAG after proper computer validation, will open various devices such as the gate mechanisms at City parking facilities by using it **CORRECTLY** with an associated reading device.

The FRONT of the transponder tag is the face where the unique identification number and bar code are located.

Parking for the purposes of this policy is defined as the short-term placement of a vehicle in a space delineated by pavement markings and provided for the sole purpose of accommodating a stationary vehicle. Vehicles left in the garage for a period longer than 3 calendar days at any one stay shall be considered to contravene the intended use of the parking space and will be subject to removal from the facility at the owner's risk and expense. Spaces in City of Brampton parking facilities are NOT intended for the storage of vehicles.

Vehicle for the purpose of this policy is defined as an automobile, passenger car, van, truck, jeep, SUV and motorcycle.

POLICY:

The TRANSPONDER TAG and its issuance, validity and subsequent use is subject to the fulfilment of various conditions set out in this and other documents.

Issuance is subject to the rendering of a non refundable payment amount fixed by the City. Should a TRANSPONDER TAG be lost, stolen or otherwise rendered inoperative by actions or lack of action by the card holder, then the card holder will be required to render another payment for the TRANSPONDER TAG.

Issuance and use for access to City parking facilities is subject to the payment of a monthly or annual fee as set by the City. Parking is sold on a calendar month basis, payable in advance; and

DATE EFFECTIVE May 1, 2010	REPLACES NEW	POLI. & PROC. NUMBER PARK2010-01
-------------------------------	-----------------	-------------------------------------

no credit is allowed for periods when parking privileges are not used. No discount or refund will be applied for commencing an agreement after the first day of a month. Failure to provide payment will result in the suspension of the card's privileges until such time as the appropriate fee is received. Charges for parking are for space rentals ONLY, however the City of Brampton does not guarantee that spaces will always be available except in the case of specialty parking where a premium fee has been paid to guarantee the space availability.

The Corporation of the City of Brampton cannot accept responsibility for loss or damage to vehicles or contents while parked or as a result of having said vehicle removed from the premises. Vehicles should be locked at all times.

Although the Corporation of the City of Brampton takes responsible precautions to keep its facilities safe, the user should be aware that dangers to personal safety can from time to time exist within any parking facility. The user of any City parking facility should remain aware of their surroundings at all times and take whatever additional precautions deemed appropriate to assure their own peace of mind and personal safety.

PROCEDURE:

Transponder Tag Installation

The transponder tag is secured to the front window area by Velcro straps. Location of the transponder tag should be affixed so as to be in direct line of sight with the transponder antennae.

The activity of all transponder tags is monitored and misuse such as more than one vehicle attempting access on the same transponder tag at the same time or subsequent use of a transponder tag reported lost or stolen may result in the cancellation of all parking privileges.
