The City of Brampton is committed to providing environments where learning can occur for all. We recognize that there are times where a single gender environment may provide a better learning opportunity for our residence to succeed. Female lessons conducted by female staff and male lessons conducted by male staff are available at select locations.

Family lessons are designed for families wishing to participate in swimming lessons together. One instructor will be assigned to each family with a maximum of 5 participants. Our instructors will use multi-level teaching techniques for families of varying swimming ability. Aquatic admission standards apply.

Brampton Lifesaving Club is a competitive lifesaving program open to children 8 to 15 years of age who can swim 100 metres or more without stopping. Participants work to develop skills and gain experience in a variety of competitive lifesaving events. Opportunities to compete at Telegames, pool and waterfront competitions occur several times a year. For more information on the club and how to get involved contact the Recreation Programmer at Cassie Campbell Community Centre, South Fletcher's Sportsplex or Balmoral Recreation Centre.
