

## **HERITAGE BUILDING RELOCATION CONTRACTORS:**

(version: October 2009)

---

This list is in no way an endorsement. The list was prepared because this sector of the heritage field is very specialized and general information is not readily available. It is circulated strictly for information purposes only - as a point of departure. This list is also not inclusive. It focuses on the GTA. Potential clients are strongly encouraged to undertake rigorous due diligence prior to selection of any architect, specialist or consultant. Potential clients must check references and ensure that the prospective consultant or architect has the expertise to meet the requirements of your proposed project. Contractors should be members in good standing with the Ontario Structural Movers Association and/or the International Association of Structural Movers.

### **Danco House Raising & Moving**
