Stakeholder Update #16

Dear Stakeholders,

The City of Brampton will be hosting an open house on Monday, October 17, 2011. The open house is being held in accordance with direction received from Brampton City Council earlier this year to obtain public feedback on Brampton Brick's re-zoning proposal for the development of a shale quarry in the Norval area.

At the open house, the findings of the City-initiated peer reviews of Brampton Brick's technical submissions will be presented. Representatives from most of the peer review firms will be in attendance at the open house. Additionally, representatives from Hardy Stevenson and Associates, who have been retained by the City to undertake a social impact assessment, will be in attendance to hear from residents and businesses that may be affected by the proposed quarry development.

The tentative details of the City of Brampton open house on the Norval Quarry proposal are as follows:

Date: Monday, October 17, 2011

Time: 6 – 7 pm open house

Presentation by City staff starts at 7 pm, followed by public input

Place: Peel Regional Police Association Meeting Hall

10675 Mississauga Road, Brampton

(2 km north of Bovaird Drive)

Approximately two weeks before the open house, the City will mail notices and post a notice in the Brampton Guardian newspaper and on the City's project webpage.

In January 2011, Brampton Brick appealed the re-zoning application to the Ontario Municipal Board (OMB). To date, no hearing details have been issued, however, staff continues to process the re-zoning application. Public input from the open house will help staff formulate a recommendation for consideration at a future City Council meeting.

If you are unable to attend the open house, please visit the project webpage at:

<http://www.brampton.ca/en/Business/planning-development/projects-studies/Pages/Norval-Quarry-Re-Zoning.aspx> to view the peer review reports and other information related to this application.

For more information on the re-zoning application and peer review reports, please contact the planner assigned to this file, Natasha D'Souza.
