RIDE FREE ON NEW YEAR'S EVE IN BRAMPTON

Brampton Transit will be offering free service to all riders on New Year's Eve, December 31, 2010. Service will be free on all routes, including Züm, beginning at 7 pm, running until the end of service with extended service on some routes.

Brampton Transit provides a reliable and convenient alternative to driving to get members of the public where need they to go, and not just for commuting to work.

"We want everyone in Brampton to have a safe and enjoyable New Year's Eve," says Suzanne Connor, Director of Brampton Transit. "By providing free transit service, we hope to make it that much easier for people to get to and from events and safely back home."

Brampton Transit is one of the fastest-growing transit providers in the GTA. Moving more than 12 million passengers in 2009, Brampton Transit connects riders to major attractions and destinations in Brampton, and public transit systems in the GTA.
