

Small Business Permit Service

Building Permit Requirements

For a Unit Finish or Interior Alteration Industrial, Commercial or Institutional Occupancies

The following checklist and attached sample drawings have been provided to assist in assembling the documents that will be necessary in order to apply for a building permit. The sample drawings are a generalization of the information that is required for a unit finish or interior alteration and may not cover all of the information needed for every type of application. The permit application drawings must be prepared by a qualified designer.

Once your application for permit has been received, you will be assigned one plans examiner to coordinate and oversee your application throughout the process. If you require assistance prior to submitting your application please contact a small business permit expert at 905-874-2449 to arrange a meeting. **Please allow minimum of 20 business days for the review of your application, additional time may be required if there are Zoning or Building Code compliance issues related to your submission.**

Zoning – Permitted Use

Please check with Zoning Services in advance to ensure that your proposed business is a permitted use in the building.

Building Permit Application

The following documents are required at the time of submission of your application. Incomplete applications **cannot** be accepted.

1. COMPLETED APPLICATION FORMS.

- Application for a Permit to Construct or Demolish (No longer required. Will be part of your Brampton Portal submission.)
- Schedule 1: Designer Information
- Applicable Law Checklist
- General Review Commitment Certificate where required
- Permission to Construct form
- Detailed Letter of Use describing the nature of the operation or business, the number of employees and the occupant load for assembly type uses (restaurant, clubs, etc.). Industrial storage or manufacturing uses shall include a detailed description of the processes and materials or chemicals used or stored and the method of storage

2. TWO (2) COMPLETE SETS OF PLANS AND SPECIFICATIONS COMPLETED BY A QUALIFIED DESIGNER (sample drawings attached)

All plans must be drawn to a specified scale.

- **Key Plan**
 - indicate the suite, unit or project area in relation to the rest of the building
 - provide the use or occupancy of adjacent units
- **Architectural Plans**
 - provide room and space dimensions
 - clearly identify the use of all rooms and spaces as well as the adjacent tenant occupancies
 - identify existing and new construction
 - provide construction details and specifications for proposed construction including all fire-rated assemblies
 - identify the construction detail and fire resistance rating of both new and existing demising walls
- **Structural Plans**
 - provide design criteria, construction details and specifications for all proposed structural modifications
- **Mechanical Plans**
 - HVAC**
 - provide distribution system plan including unit location and specification, duct sizes and volume, damper and fire stop flap locations
 - provide 2 copies of load calculations
 - Plumbing**
 - indicate existing and proposed fixtures
 - specify required clearances of fixtures
 - where new fixtures are proposed provide a sanitary drain layout and pipe size
 - Sprinkler**
 - provide sprinkler layout (and hydraulic calculations where applicable) in conformance with NFPA 13
 - Electrical**
 - show the location of all required exit signs and emergency lights
 - where a fire alarm system is required provide fire alarm drawings conforming to CAN/ULC S524-M
 - mag locks and hold open devices require submission of technical information on devices and tie into fire alarm system
- Commercial cooking facilities must be equipped with an exhaust system and fire suppression system designed in compliance with NFPA 96
- Restaurants must be provided with a climate controlled garbage facility within the building

3. BUILDING PERMIT FEE

- The building permit fee is based on the service index for the classification of the work proposed and the floor area in m² of the work involved (Fee = Service Index X Area)
- Refer to Building By-law 387-2006 for Fee Schedule

Building Permit Issuance

The following items must be completed prior to issuance of a building permit:

1. The applicant will be contacted by telephone upon completion of the review and advised of any outstanding issues or permit fees.
2. Where a permit is to be issued to for construction within a common element of a registered condominium a Notice of Permission to Construct form, signed by an authorized agent of the condominium corporation, shall be submitted for the authorization of work to be undertaken within the common element of the building or property.
3. X-ray Facilities – provide a copy of plans approved by Ministry of Health (or/ Ministry of Labour for Veterinary Clinics)

Schedule 1: Designer Information

Use one form for each individual who reviews and takes responsibility for design activities with respect to the project.

All personal information on this form is collected under the authority of the Building Code Act, S.O. 1992, c.23 and City of Brampton By-Law 387-2006. The information collected on this form be used for Building-related information requests and/or applications. Questions about the collection of personal information should be directed to the Manager, Administration and Information Services at 905-874-2401.

I have read, understood, and agree with the City Collection Statement.

CITY OF BRAMPTON - BUILDING DIVISION

SECTION G. DOCUMENTS ESTABLISHING COMPLIANCE WITH APPLICABLE LAW (OBC Div. A - 1.4.1.3.)

Permit Application No. _____	Permit Location _____ street _____ unit/suite _____
---------------------------------	--

Explanation:

Applicable Law - Applicable law is other regulations for which approval must be obtained before a building permit can issue. A complete list of Acts and Regulations that are "Applicable Law" is set out in Article 1.4.1.3 of Division A of the Ontario Building Code.

Instructions:

The most common Acts and Regulations are listed below with the documentation that must be provided before a building permit can issue. Check those that apply to your permit application and complete the declaration. The customer service plans examiner will assist you with any questions you may have about the regulations listed. The documents noted must be provided before a building permit can issue.

Details and Contact Information

A list of agencies and contact information is available at the Building Division or on the City of Brampton website

All personal information on this form is collected under the authority of the Building Code Act, S.O. 1992, c.23 and City of Brampton By-Law 387-2006. The information collected on this form be used for Building-related information requests and/or applications. Questions about the collection of personal information should be directed to the Manager, Administration and Information Services at 905-874-2401.

I have read, understood, and agree with the City Collection Statement.

APPLICABLE LAWS (Note: This list provides only the most common approvals)

ACT	Description	REQUIRED DOCUMENTS (Provide copy)	Required Yes/No	Received
Planning Act s.41	(Site Plan Control)	Site plan approved drawings		
Planning Act s.34	(Zoning By-law)	Final & binding amendment		
Planning Act Pt. V1	(Division of Land)	Registered Plan or Deed		
Planning Act s.45	(Minor Variance)	Final Decision from City Clerk

EXISTING COMMERCIAL SPACE (PLEASE SPECIFY ADJACENT TENANT / OCCUPANCY)

EXISTING COMMERCIAL SPACE (PLEASE SPECIFY ADJACENT TENANT / OCCUPANCY)

1 REFLECTED CEILING showing the location of all lighting fixtures, sprinkler head locations (if applicable), mechanical supply air and return air ducts should be shown on the HVAC drawings

2 EXIT SIGNAGE

6 Drawings must indicate what partitions are new and what partition are to be removed

5 3.1.3.1 MAJOR OCCUPANCIES - FIRE SEPARATIONS
Major occupancies shall be separated from adjoining occupancies by a fire separation.
Details of existing fire separation must be provide when applying for permit.

EMERGENCY LIGHTING

Hidden line indicates any walls to be removed

OFFICE

4 OFFICE

3 3.8.3.3 DOORWAYS AND DOORS
Every doorway that is located in a barrier free path of travel requires, when the door is in the open position, a clear width of at least 850mm.
A clear space must be provided adjacent to the latch side of the door.
This clear space must provide the minimum width of:
-300mm when the door swings away from the approach side, and
-600mm where the door swings towards the approach side.

4 WAREHOUSE / STORAGE

3 3.8.2.3 BARRIER FREE WASHROOMS
A barrier free path of travel shall be provided to a barrier free washroom to accommodate disabled persons.
Note:
You may need more than 1 washroom.
Please consult your designer well in advance.
