

Permit Requirements

Signs

The Ontario Building Code requires that a building permit be issued for signs that are attached to a building or are designated structures.

The City of Brampton Sign By-law also regulates signs in the City and requires that a permit be obtained prior to the installation of, or modification to, certain signs.

Where both regulations apply to the proposed construction, both a Building Permit and a Sign Permit card will be printed at the time of issuance of the permit. Only one application submission is required.
