Adopt-A-Park

March 30th, 2010

NEWS STORIES

Welcome to the newly revised City of Brampton Adopt-A-Park program. The Brampton Clean City team is excited to get this new and improved program up and running! There are many options available for adopters to get involved. The Adopt-a-Park program creates a great opportunity for schools, organizations, groups and individuals to lend a hand in beautifying the City parks and green spaces. This is also a good platform for the community to work together in environmental efforts.

Our Adopt-A-Park newsletter is designed to keep participating groups informed about what is happening within the program, as well as report on the activities groups have been involved in. We encourage you to share your stories and/or pictures with us to be posted in future newsletters. Let others know what your group has been working on and show off the progress you make in your park. All stories, comments and information can be sent to cleancity@brampton.ca, or give us a call at 905-874-2828.

REMINDERS

Packages with all of the revised program information, along with some necessary forms were sent out in December 2009. If you have not done so already, please submit your application form along with the two-year partnership agreement in order for your adoption to be renewed. *If you need this package re-sent please contact the Brampton Clean City office.*

UPCOMING EVENTS

April is Spring Clean Up month!! Sign your groups up for a cleanup of your park. You can register online, at your nearest recreation centre, or by phone. You can also mail in or fax the registration form.
