Housing Assessment Report

Description:

The purpose of the Housing Assessment Report (HAR) is for applicants to demonstrate how larger or phased residential developments will meet the City's housing objectives, including the provision of affordable, purpose-built rental, or family-sized units, as outlined through Housing Brampton. The HAR will demonstrate how the proposed residential development contributes to the City's housing targets by providing information on the range and mix of housing unit types, number of bedrooms per unit, densities, sizes, affordability and tenure. For housing targets refer to Chapter 3 of Brampton Plan.

Development Application Stream(s):

When the proposed residential development proposes 50 units or more. Development application types meeting this threshold will require a HAR:

- Official Plan Amendment;
- Draft Plans of Subdivision;
- Draft Plans of Condominium;
- Zoning By-law Amendment;
- Rental Housing Demolition and Conversion application;
- Site Plan Control

At the discretion of the City, the assessment may be included as a component of the Planning Justification Report, if one is required in support of a development application(s).

Prepared By:

A Registered Professional Planner (RPP) must prepare the Housing Assessment Report.

Content:

Required contents must be met by the applicant who must confirm and finalize which components are to be satisfied based on application type and known information of the residential development proposal area. The applicant should obtain this information from the assigned Development Services planner prior to the study and submission of an application to the City.
