

NOTICE OF COMPLETION

Heritage Heights Transportation Master Plan

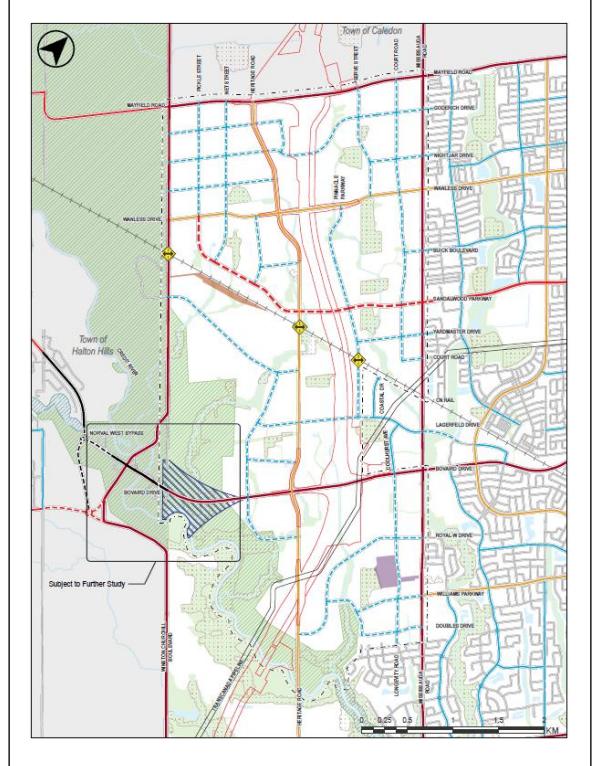

The Transportation Master Plan

The City of Brampton is experiencing significant growth including in the Heritage Heights Secondary Plan Area. The City of Brampton and the Heritage Heights Landowners Group worked together as co-proponents to complete a Transportation Master Plan (TMP) to identify the transportation infrastructure required to support the growth envisioned for the Heritage Heights Secondary Plan Area (see figure for study area). The TMP provides the long-range planning necessary to identify needs, be active transportation (e.g., cycling, trails) friendly and transit supportive, promote mobility, and provide a planning framework that is compatible with new and existing communities and keeps pace with future growth.

The Process

The TMP was undertaken in accordance with Approach #2 of the Master Planning Process, as outlined in the Municipal Class Environmental Assessment (MCEA) (February 2024). As such, the TMP addressed Phases 1 and 2 of the MCEA process for any Schedule B projects and forms the basis for the recommended Schedule C transportation infrastructure projects identified within the TMP report.

The related Schedule B and C collector road projects are identified for each Precinct as well as the Schedule C arterial road projects and they are all identified in “Table 15 City Infrastructure Project List” of the **Heritage Heights Secondary Plan – Transportation Master Plan (February 9, 2026)**.

Environmental Study Report

The Environmental Study Report will be available for a 30-day public comment period starting **February 9, 2026** and ending **March 11, 2026**, in accordance with the requirements of the Municipal Class EA process (MCEA, February 2024). An electronic copy of the report will be available for public comment on the **City's website** (www.brampton.ca/heritageheights).

Interested persons may provide written comments by email to heritageheights@brampton.ca by **March 11, 2026**. For any other questions please contact one of the following project contacts:

For concerns that involve the prevention, mitigation, or remediation of adverse impacts on constitutionally protected Aboriginal and treaty rights, a Section 16 Order request may be made to the Minister of the Environment, Conservation and Parks. Section 16 Order requests on other grounds will not be considered.

Requests should include your full name and contact information. Requests should specify what kind of order is being requested (imposing additional conditions or requiring a comprehensive environmental assessment), the project name, explain how an order may prevent, mitigate, or remedy potential adverse impacts, and can include any supporting information.

Requests must be sent to the Ministry by **March 11, 2026**, and should be sent in writing or email to both:

Hon. Todd McCarthy, Minister
Ministry of the Environment, Conservation and Parks
777 Bay Street, 5th Floor
Toronto ON M7A 2J3
minister.mecp@ontario.ca

Director, Environmental Assessment Branch
Ministry of Environment, Conservation and Parks
135 St. Clair Ave. W, 1st Floor
Toronto ON M4V 1P5
