

# WE WANT TO HEAR FROM YOU

The City of Brampton is working on an Active Transportation Master Plan (ATMP). This plan will help us develop a strategy and supporting policies to build a connected cycling and pedestrian network in Brampton. Our aim is to make it safer, more convenient, and more enjoyable to travel by non-motorized modes, and to encourage cycling and walking as a real transportation option for both recreational and utilitarian purposes.

## Your input is important

Your feedback will be used to measure support for new cycling lanes, trail improvements, bike parking and pedestrian connections.

Please join us for our next public engagement event:

**Date:** Thursday November 9, 2017  
**Time:** 2 – 9 pm (drop in)  
**Location:** Brampton City Hall - Atrium 2  
Wellington Street West, Brampton

**Participate online from your computer or mobile device, by dropping pins on our digital consultation map that will be available until November 30 at [www.brampton.ca/ATMP](http://www.brampton.ca/ATMP)**

If you have any questions, or wish to be added to the study mailing list, please contact:
