

THE CORPORATION OF THE CITY OF BRAMPTON

BY-LAW

Number 60-83

To designate the McMurchy Woollen Mill as a property of historical and architectural value and interest

WHEREAS section 29 of the Ontario Heritage Act (R.S.O. 1980, chapter 337, as amended) authorizes the Council of a municipality to pass by-laws designating properties within the municipality to be of historic or architectural value or interest;

AND WHEREAS the Council of The Corporation of the City of Brampton has given notice of its intention to so designate the property known as the McMurchy Woollen Mill, located on the Northwest corner of Embleton Road and Mississauga Road in Brampton, in accordance with the requirements of section 29(3) of the said Act;

AND WHEREAS no notice of objection has been served upon the Clerk of The Corporation of the City of Brampton within the time limited for so doing, as set out in section 29(5) of the said Act;

NOW THEREFORE the Council of The Corporation of the City of Brampton ENACTS as follows:

1. The property known as the McMurchy Woollen Mill and described in Schedule A to this by-law is hereby designated to be a property of historic and architectural value and interest.

2. The reasons for the designation are set out in
Schedule B to this by-law.

Schedule A

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the City of Brampton, in the Regional Municipality of Peel (formerly in the Township of Chinguacousy, in the County of Peel) and being composed of part of the East half of Lot 5, Concession 5, West of Hurontario Street designated as Part 1 according to a plan of survey deposited in the Land Registry Office for the Registry Division of Peel (No. 43) as number 43R-10584.

Schedule B

Built in 1888, the Mill is a two-storey red brick structure which has since be painted in an austere grey. The Mill produced work socks, starting with wool fleece right down to the finished product. Kept busy at this task during World War I, the Mill was finally closed in 1953 after 65 years of service.

The structure itself is very simple; almost spartan in its design. A very strict symmetry has been achieved, and, but for an angled half brick frieze decoration on the front, it has no ornamentation. The rear of the Mill has an interesting combination of brick and stone, but was probably added later. It was one of Huttonville's early industries, and as such has contributed to the development and quality of life in the area.
