17.3 The Owner may, from time to time, apply to the City for a reduction in the amount of the security by an amount up to ninety per cent (90%) of the value of the works for which security was deposited, which the Commissioner of Public Works and the Commissioner of Planning and Development have certified in writing to be satisfactorily completed upon receipt of:

The Owner shall maintain all of the works for which security was taken for a period of two (2) years following the date of the certificate of satisfactory completion of such works.

The remaining ten per cent (10%) of the security shall be retained by the City until the expiration of the aforesaid maintenance period and the Commissioner of

Public Works and the Commissioner of Planning and Development have finally approved the works for which security is deposited. Prior to the expiration of the maintenance period, the Commissioner of Public Works and the Commissioner of Planning and Development shall inspect the works for which security is deposited and all defects disclosed by such inspection shall be remedied by the Owner at its own expense prior to the release of the remaining ten per cent (10%) of the security to the Owner.

In cases of emergencies, such work may be done

without prior notice but the Owner shall be notified forthwith. The cost of such work will be calculated by the Commissioner of Public Works, whose decision shall be final. It is understood and agreed that such cost shall include a management fee of fifteen per cent (15%) of the cost of the labour and materials. Any work done at the direction of the Commissioner of Public Works pursuant to the provisions of this clause shall not be an assumption by the City of any liability in connection therewith nor a release of the Owner from any of its obligations under this agreement.

Inspection of Works

17.5 The Owner hereby grants to the City, its servants, agents and contractors, the licence to enter the lands for the purpose of inspection of any of the works referred to in this agreement and to perform such work as may be required as a result of a default.
