## **SCHEDULE "B" TO BY-LAW 226-2010**

### **STATEMENT OF THE REASON FOR THE DESIGNATION OF 122 SLED DOG ROAD:**

The property at 122 Sled Dog Road (Ward 10) is worthy of designation under Part IV of the Ontario Heritage Act for its cultural heritage value. The property meets the criteria for designation prescribed by the Province of Ontario under the three categories of design or physical value, historical value and contextual value.

### **STATEMENT EXPLAINING THE CULTURAL HERITAGE VALUE OR INTEREST OF THE PROPERTY:**

The cultural heritage value of the George Elliott farmhouse is related to its design or physical value as a very good example of the vernacular Ontario Gothic style of architecture. It reflects a high degree of craftsmanship as seen in the well balanced façade on a T shaped plan, dichromatic brickwork detailing, ornamental fret-sawn vergeboard along with projecting centre front gable and side gables, classical main entrance with transom and sidelights. The house also exhibits a hallmark element of the Ontario gothic style - a prominent lancet shaped gothic front window under the centre gable. Interior detailing such as plaster medallions and millwork are also of cultural heritage value. The house is also significant as a relatively rare, surviving example of a mid Victorian masonry farmhouse as found in the former Chinguacousy Township.

The property also has historical or associative value as it reflects the lives of George Elliott and family. The Elliott family initially acquired lands in the east part of Chinguacousy Township in April of 1846. George Elliott (Sr.) was an Irish-born farmer. Elliott erected a one and a half storey log house (noted on 1851 census) for his wife Ann and children, including George Elliott (Jr.). The log settlement house was on Lot 13, Concession 5.

In later years George Elliott (Sr.) acquired additional lands, including part of Lot 14, Concession 6, where the subject brick farmhouse would be eventually be constructed (municipally known as 10801 Torbram Road) by George Elliott (Jr.).

The subject brick farmhouse was constructed for George Elliott (Jr.), his wife Jane and children Frances, George and James. The construction time period was between 1861 and 1871.

The property is also reflective of the history of rural settlement and agricultural development in Chinguacousy Township and is one of the few farm dwellings of its time period and style remaining in this part of Brampton.

The property was relocated from its original farm site at 10801 Torbram Road, to a double lot further north at the corner of Torbram Road and Sled Dog Road. A concerted

effort was made to ensure that the original physical orientation and visual relationship of the house to Torbram Road was recreated at the new site.

### **DESCRIPTION OF THE HERITAGE ATTRIBUTES OF THE PROPERTY:**

Unless otherwise indicated, the reason for designation apply generally to all exterior elevations, facades, foundation, roof and roof trim, all doors, windows, other structural openings and associated trim, all architectural detailing, construction materials of wood, stone, brick, plaster parging, metal and glazing and related building techniques, fencing, all trees, shrubs, hedgerows, other vegetation and the grounds and vistas generally.

To ensure that the cultural heritage value of this property is conserved, certain heritage attributes that contribute to its value have been identified specifically and they include:

#### **Design / Physical Value:**

- Good example of mid Victorian vernacular Ontario Gothic style of architecture, built about 1865
- Representative example of mid 19th century architecture and construction methods
- Balanced 3-bay front façade on a T-plan
- One and a half storey massing
- Central, projecting frontispiece tower on front façade
- Classically inspired main entrance with single leaf paneled wood door, transom and sidelights
- Side gable roof
- Decorative dichromatic brickwork accents in buff and red brick; details include: triangular shaped quoins, diamond-patterned detail below north and south gables, drop-pendant voussoirs over most windows and buff brick water table
- Lancet shaped upper storey gothic window, below the centre gable on front facade
- Ornamental fret-sawn wood vergeboard millwork along front and side gables (replicated)
- Projecting eaves with plain soffits and fascia
- Patterned stone lug sills under windows

- Blind window on the ground floor level of the north façade producing the outward appearance of being a functioning window
- Side bay window along south facade
- Double hung 2 over 2 wood windows and storms
- Bell cast shaped front verandah and side porches (replicated)
- Interior elements include: plaster medallions, main hallway staircase, wood flooring, baseboard, period door locks and hardware, wood window and door surrounds

Historical / Associative Value:

- Historical associations with 19th century agricultural settlement in Chinguacousy Township
- Associated with the George Elliott family, who were among the first settlers in this portion of Chinguacousy

Contextual Value:

- Original contextual value lost but partially recreated on new site facing Torbram Road by recreating similar visual and physical orientation of the farmhouse to Torbram Road.
