REPORT

Committee of Council

Standing Committee of the Council
of the Corporation of the City of Brampton

Date: Monday, October 24, 2005

File: R40

Subject: Parks & Recreation Rate & Fee Increases for 2006

Contact: Colleen Murray, Marketing Manager, Community Services Department x2824

OVERVIEW:

- **Municipal Act and By-Law 380-2003 (as amended) requires the Corporation to advertise any increases to rates & fees.**
- **Rates & fees proposed for 2006 generally do not exceed 2.5%**
- **Those fees that exceed 2.5% are driven by external costs to the Corporation.**
- **Effective Spring 2006, parents registering 3 or more youth (17 years of age and under) may be entitled to a 10% discount on programs offered and delivered by the Parks & Recreation Department**
- **Public Notice that Committee is to consider these rate & fee changes has been published in the Brampton Guardian pursuant to the City's Public Notice By-law.**

Recommendations:

1. That the report titled *Parks & Recreation Rate & Fee Increases for 2006* dated October 24, 2005 from Colleen Murray, Marketing Manager be received.
2. That the 2006 rate & fee increases for registered programs, point of sale items, memberships and facility rentals be approved.
3. That commencing February 2006, a 10% discount be applied to family accounts where 3 or more youth (17 years and under) are registered from the same immediate family, at the same time, during the same session.
4. That User Fee By-law 380-2003 be amended accordingly in Schedule "A"- Fees Relating to Parks & Recreation Programs & Services.

Background:

On an annual basis, the Community Services Department reviews rates & fees. The Clerk's Office executes appropriate notice in the community newspaper.

Footnotes 1: The Act allows for the approval process to be segregated from the budget process. 2: Food products fall outside the scope of the Municipal Act therefore concession items have not been reported. 3: Cemetery services are legislated under the Provincial Cemeteries Act.

Current Situation:

Rate & fee information is organized into the following categories:

- | | |
|---------------------------------|---|
| 1. Course Fee Listing | e.g., Dance, Skating & Swimming Lessons |
| 2. Extra Course Fee Listing | e.g., Costume Fees or Lifesaving Manuals |
| 3. Facility & Equipment Listing | e.g., Field, Arena & Room Bookings |
| 4. Rental Extra Fee Listing | e.g., Fencing, Port-a-let Rentals, Lighting |
| 5. Membership Pass Options | e.g., Annual Fitness & Racquet Membership |
| 6. Membership Extra Fee Listing | e.g., Towel Rental |
| 7. Point of Sale Listing | e.g., Snack Bar Items & Souvenirs |

Each of the seven sections specifies:

- The individual name of the product, program or service
- The fee history associated with the product, program or service
- The proposed fee for 2006 (if applicable, has been highlighted in yellow)
- The effective start date of the proposed fee

Increases to fees generally run at a rate of 2.5% or less. In determining fees, a program cost analysis is completed. Prices are also benchmarked against other municipalities. This information along with any applicable market pricing data and the assurance of affordability and accessibility are all taken into consideration in finalizing the proposed unit price.

Fees are summarized as follows:

All membership pass options will increase 2.5%. This includes annual fitness, racquet, swimming & skating memberships and seasonal admittance to the ski hill.

Other

Currently, discounts do not exist for families. This practice was stopped in 1991 due to budget constraints. Effective February 2006, staff recommend the re-introduction of a 10% discount for families with 3 or more children (17 years of age or under) enrolling in a recreation program, at the same time, for the same session.

Financial Impact

In 2004, 1369 families of 3 or more children (17 years of age or under) registered in programs. Each family is estimated to have spent \$640.00 in registrations for the year. If the 10% discount had been applied, the average cost savings per family would have been \$64.00.

If the discount program were reintroduced in 2006, the estimated impact would be a reduction in revenue in the amount of \$88,000. If approved, the Business Services Division will submit an \$88,000 correction as a part of the 2006 budget process.
