- TRCA not involved with Environment Impact Study
- residents having one entrance access from the Gore Road while the industrial unit requesting four entrance accesses
- industrial unit having 200 dock doors, reflecting truck movement at the rate of one truck every one minute or one minute thirty seconds

Regional Councillor Fortini requested the matter be deferred to the first planning meeting in the New Year to allow the developer and himself to hold a public meeting with area residents. Regional Councillor Fortini advised this would allow collaboration with the residents to resolve concerns surrounding entrances into the property.

PDC197-2022

1. That the report titled: Recommendation Report – Request for a Municipal Council Support Resolution dated November 9, 2022, to the Planning and Development Committee Meeting of November 28, 2022, be received;
2. That Council approve the following Municipal Council Support Resolution, for the request to assist Alectra Convergent Development Limited Partnership and Capital Power (Goreway Generation Station) (hereinafter referred to as the Proponents) in their application to a Long-Term Reliability Project Request for Proposal (RFP) issued by the Independent Electricity System Operator (IESO):

“WHEREAS:

1. The Independent Electricity System Operator (hereinafter as the IESO) has issued the Long-Term Reliability Project Request for Proposals (hereinafter as the RFP) for new projects that will increase the capacity and reliability of the electrical system in Ontario;
2. Alectra Convergent Development Limited Partnership, a joint venture between Alectra Energy Solutions and Convergent Energy + Power (and hereinafter as Alectra Convergent), proposes to construct and operate a Battery Energy Storage System (BESS) on the Alectra-owned property at the Jim Yarrow Transformation Station on lands with municipal address of 1100 Steeles Avenue West;

3. Capital Power proposes two electricity enhancement and expansion options at the Goreway Generation Station site on lands with municipal address of 8600 Goreway Drive, with Option One entailing the construction and operation of additional BESS units and Option Two entailing the construction and operation of a new gas-powered electricity generation unit;
4. Capital Power has not indicated its preference between the two options (addition of Battery Energy Storage System units or a gas-powered electricity generation unit) in their proposal;
5. Both Alectra Convergent and Capital Power (hereinafter as the Proponents) have requested a support resolution from the Council of the City of Brampton to assist their RFP bid;
6. Pursuant to the RFP, proposals that receive the formal support of the local jurisdictional authorities of all the project communities in which a proposed project is located in the form of a support resolution will be awarded three Rated Criteria points for the purpose of ranking the proposal in relation to other proposals in Ontario for a contract under the RFP;
7. Obtaining this Resolution does not guarantee a contract will be offered to both or either Proponents by the IESO;
8. The sole purpose of this Resolution is to assist the Proponents in their submissions to the IESO Long-Term Reliability Project RFP process;
9. In the February 24, 2021 Committee of Council meeting, Council adopted Resolution No. CW098-2021 to affirm the City's commitment in achieving ambitious greenhouse gasses (GHG) reduction targets under the Community Energy and Emissions Reduction Plan (CEERP) and urge the Government of Ontario to phase out gas-fired electricity generation by 2030; and,
10. The addition of a gas-powered electricity generation unit in Brampton (Option Two of Capital Power's proposal) does not align with Council Resolution No. CW098-2021, including the City's adopted GHG reduction targets under the CEERP and the City's position to urge the Government of Ontario to phase out gas-fired electricity generation by 2030.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Council of the City of Brampton supports Capital Power solely for its additional Battery Energy Storage System unit proposal (i.e., Option One

of Capital Power's proposal) and Alectra Convergent on their bids for the RFP issued by the IESO;

2. The Council of the City of Brampton affirms that this Resolution does not imply support for planning or other forms of approval that may be required for the proposed projects;

If either or both proposals are selected by the IESO for implementation, the Proponents will be required to work with City staff for the appropriate required development approvals and ensure the proposed development adhere to appropriate zoning, environmental, landscaping, urban design and other standards; and,

9. Other Business/New Business

9.1 Discussion at the request of Chair Palleschi re: Bill 23

Regional Councillor Palleschi, Committee Chair, advised the Third Reading Royal and Royal Assent will be taking place November 29, 2022 regarding Bill 23. The understanding is that, there is still opportunity to provide comments, specifically on financial aspects.

Regional Councillor Palleschi, Committee Chair, provided an update regarding building a quarry pit in Northwest Brampton, Ward 6, and the following motion was introduced:

That Planning and Development Services staff be directed to submit additional comments to the Province and immediately meet with Provincial staff on ERO 019-06217, to explore the potential as it relates to the signed Minutes of Settlement (April 2018) between the Corporation and Brampton Brick Ltd. for the purposes of attempting to resolve the long outstanding matter of the Norval Quarry.

Regional Councillor Santos expressed concerns with the timing. Specifically with concerns regarding various projects, control of growth in the city and residents having their say. It was suggested that a urgent task force be set in place.

A motion was introduced with the following operative clause:

Therefore Be It Resolved:

1. City of Brampton Council form a special task force comprised of the Mayor (Patrick Brown), Chair of Planning (Councillor Palleschi), Deputy Mayor/Vice-Chair Planning (Councillor Singh), Chair of Community Services and FCM Board Member (Councillor Santos), Chair of Public Works and AMO Board Member (Councillor Vicente), and City Staff as determined by the CAO to develop and deliver a plan of advocacy to the

provincial government which focuses on the City's concerns related to Bill 23 and the need for significant investments to service the growth outlined in Bill 23;

2. The plan consider the work being done with municipal advocacy groups such as AMO, FCM, the Ontario Big City Mayors, to mitigate the fiscal impacts to municipalities and address unintended consequences from Bill 23; and
3. The task force engage in a meaningful fashion with developers and key stakeholders to identify the best approach to municipal planning and growth management as it relates to Brampton's existing plans, specific needs and challenges.

The motion was considered as follows.

PDC199-2022

That Planning and Development Services staff be directed to submit additional comments to the Province and immediately meet with Provincial staff on ERO 019-06217, to explore the potential as it relates to the signed Minutes of Settlement (April 2018) between the Corporation and Brampton Brick Ltd. for the purposes of attempting to resolve the long outstanding matter of the Norval Quarry.

Carried

PDC200-2022

Whereas the Government of Ontario passed Bill 23 on November 28, 2022; and

Whereas Bill 23 removes the ability for the City of Brampton to control growth, planning and management, and provides less City Council oversight in neighbourhood redevelopment; and

Whereas Bill 23 has potential to create overcrowding and/or unsuitable living conditions for Brampton residents, while adding additional responsibility for service delivery for the City, and

Whereas Bill 23 introduces a 10-year target of 113,000 new households for the City of Brampton, representing an annual increase in total housing growth nearly three (3) times the City's historical average over the past 20 years, and;

Whereas Bill 23 amends the definition of 'affordable housing' further increasing the threshold from \$400,000 to \$800,000 at which housing options are deemed affordable and exacerbating 'entry level' housing development options; and

Whereas to service the additional infrastructure, an estimated \$2 billion will be required beyond the current needs, an equivalent to a one-time property tax increase of 40% over a 10-year period for Brampton residents.; and

Whereas the combination of reduced DC revenue tools and targeted rapid growth will shift a significant portion of these additional infrastructure costs to the Property Tax Base;

Whereas with the rapid rate of growth in Bill 23 the City of Brampton will need funding partners from higher levels of government to build the infrastructure to service this growth without immediate investments in capital planning from the federal and provincial governments;

Finance

Whereas It is estimated that Bill 23 could cost the City \$440 million in development charges alone based on current growth plans. Without corresponding provincial grants, the City of Brampton would need to recover that revenue through the tax base or by reducing service levels. In efforts to recover the DC Shortfall, the City could expect an equivalent to a one-time increase of property taxes by about 9%, and;

Whereas additional impacts to development charges may also result from the proposed threshold of 80% of average market value to define affordable housing which could result in additional loss of revenue of between \$260M and \$800M depending on what % of development meets this threshold which would be equivalent to a one-time property tax increase of between 5%-16%, and;

Whereas the estimated 'cash-in-lieu' (CIL) parkland revenue loss is estimated to be as much as \$700 million to \$1.05 billion over the next decade, equating to a potential one-time increase of property taxes by 14% -21%, and;

Whereas Bill 23 is anticipated to not only reduce revenue for parkland and recreational facilities, but also reduce parks across the City, including less parkland per development and poorer quality parkland directly impacting the quality of life of Brampton residents, and;

Healthcare

Whereas despite the announcement of the Peel Memorial Phase 2 expansion to a full-service hospital, the City of Brampton continues to face a healthcare emergency, and planning must begin immediately for a third hospital in Brampton to meet the growth assigned in Bill 23; and

Riverwalk

Whereas the City of Brampton has secured partial Federal funding while actively advocating and waiting for the Province to also provide its share of funding to advance the Riverwalk project and remove flood risk to unlock downtown Brampton for the development of thousands of new residential units and 9 million square feet of new residential and non-residential gross floor area (GFA) situated at a significant transit hub in downtown Brampton; and

Environment

Whereas Bill 23 will reduce the ability of municipalities to protect, conserve, enhance and manage the natural heritage system, leading to the loss of protected lands, further loss of natural heritage areas and wetlands potentially resulting in significant impacts such as increased risk of serious flooding and climate change risks, and;

Transit

Whereas congestion is an ongoing issue, and the Region of Peel has already determined that building more roads will not solve congestion issues; and

Whereas Brampton has the highest growth in ridership in the country; and

Whereas The City of Brampton needs funding to ensure residents and businesses can depend on transit today, and in the future, transit initiatives and vital transit infrastructure enhances regional connections and supports the growth of a diverse, dynamic and fast-growing city like Brampton; and

Whereas Brampton has not received the same level of transit funding as other comparable municipalities, the city continues to request a fair share of funding from higher levels of government for major transit infrastructure projects; and

Whereas The City of Brampton will need to partner with the province to build transportation infrastructure that best serves the needs of residents not only in

Brampton, but across Peel Region, the GTA and communities across Canada's Innovation Corridor; and

Whereas the City of Brampton will need the provincial government to expedite the approval process in major transit projects including the Highway 7/Queen Street BRT, Hurontario/Main Street LRT extension to the Brampton GO station, and GO Rail Expansion Regional Express Rail service (frequent two-way, all-day) on the Kitchener corridor west of Bramalea GO to Mount Pleasant GO and beyond to Kitchener/Waterloo; and

Whereas Bill 39 Better Municipal Governance Act, 2022 is currently at second reading in the legislature, if adopted without changes it will add further challenges as it pertains to Bill 23 and associated wide ranging changes to municipal planning and potential fiscal impact to the City of Brampton;

NOW THEREFORE BE IT RESOLVED THAT:

1. City of Brampton Council form a special task force comprised of the Mayor (Patrick Brown), Chair of Planning (Councillor Palleschi), Deputy Mayor/Vice-Chair Planning (Councillor Singh), Chair of Community Services and FCM Board Member (Councillor Santos), Chair of Public Works and AMO Board Member (Councillor Vicente), and City Staff as determined by the CAO to develop and deliver a plan of advocacy to the provincial government which focuses on the City's concerns related to Bill 23 and the need for significant investments to service the growth outlined in Bill 23;
2. The plan consider the work being done with municipal advocacy groups such as AMO, FCM, the Ontario Big City Mayors, to mitigate the fiscal impacts to municipalities and address unintended consequences from Bill 23; and
3. The task force engage in a meaningful fashion with developers and key stakeholders to identify the best approach to municipal planning and growth management as it relates to Brampton's existing plans, specific needs and challenges.

Items 6.1 and 11.1 were brought forward and dealt with at this time.

Kelly Henderson, Planner, Development Services, presented an overview of the application that included location of the subject lands, area context, proposed rendering, official plan designation, secondary plan designation, tertiary plan designation, zoning bylaw, zoning bylaw amendment, planning framework, issues and opportunities, and next steps.

Marshall Smith, KLM Planning Partners Inc., provided additional information regarding the proposed development, community context, city initiated tertiary plan concept, conceptual site plan, overall plan and streetscape on the proposal.

The following delegates addressed Committee and expressed their views, suggestions, support, concerns and questions with respect to the subject application:

1. Seema Passi, Brampton Resident
2. Samir Shah, Brampton Resident
3. Lourdes Diaz Ceballos, Brampton Resident

5. Deepi Purba, Brampton Resident
6. Idris Orughu, Brampton Resident
7. Jackie Chiesa, Brampton Resident
8. Dezi Yang, Brampton Resident
9. Ramaljit Sandhu, Brampton Resident

Committee consideration of the matter included concerns and questions with respect to following:

- Bus Rapid Transit (BRT) from Brampton to York region are incorporated for high density future projects
- privacy to residents
- residents were promised Heritage lands and paid premium
- overcrowding in schools and lack of resources
- proposed plan deviates from the original approved plan by the City of Brampton in 2019
- traffic congestion concerns
- proposal does not accommodate the needs of the residents

- project will destroy quality of life
- noise pollution, lack of sunshine, home value would go down
- Hamlet residential land use to be a maximum of 3 storey
- species at risk, flooding, and change in climate

Regional Councillor Palleschi, Chair, advised residents to submit any concerns or comments and all will be captured in a staff report when it returns to council for approval. He also provided a reminder that this is not a city-initiated proposal and no decision has been made.

The following motion was considered.

Specific elements to be addressed include:
 - i. Structure cladding and roof line above the existing fascia line of the Hipel roof
 - ii. Consideration of the materials and articulation of the addition relative to the existing structure for compatibility and scale.
 - iii. Revise the window design for a continuous sill and variability in materials to emphasize horizontal nature of the window placement.
 - iv. Various brick and cladding options to enhance visual effect of the design and support compatibility with existing.
3. That the partial Heritage Conservation Plan prepared by ATA Architects Inc., which was included in the Heritage Impact Assessment pages 59-61 be referenced and followed as it addresses conservation requirements during construction and for the longer-term maintenance of the building. - 9.1 Discussion Item at the request of Councillor Toor, re: Toronto Gore Estate Residential Area Motion

The following motion was approved on consent.

PDC062-2023

May 15, 2023, Planning and Development Committee Motion – Toronto Gore Estate Residential Area

Whereas on April 6, 2023, Ontario announced the next steps in its plan to build 1.5 million homes by 2031 including the introduction of Bill 97, the [Helping Homebuyers, Protecting Tenants Act, 2023](#) (“**Bill 97**”), and the release of a draft Provincial Planning Statement to replace the current Provincial Policy Statement and the Growth Plan;

Whereas the City of Brampton’s Housing Pledge was approved on March 8, 2023, to support the province’s direction for Brampton to accommodate 113,000 residential units by 2031, which accelerates the city’s growth targets over the next eight years;

Whereas in addition to the provincial legislative changes, there has been a growing movement across North America to re-examine the planning designations in neighbourhoods to increase opportunities for new residents;

Whereas Brampton's Official Plan designates approximately 600 hectares of land for "Estate Residential" purposes in Toronto Gore that are permitted to be developed for primarily single detached dwellings on lots ranging in area from 1.0 acre to 2.0 acres;

Whereas the Toronto Gore has access to amenities including schools, public facilities, parks and shopping, which sets Toronto Gore apart from estate residential areas in neighbouring communities, such as Caledon, Vaughan and King Township that are much more rural in character; and

Whereas there may be opportunities to add small-scale residential intensification (e.g. lot severances and new housing types) while maintaining the community attributes of the Toronto Gore estate residential area.

Therefore, Be It Resolved That Council direct staff to review and report back on the following:

1. To undertake a Toronto Gore Estate Residential Area Infill and Intensification Study to determine the feasibility of permitting and accommodating small scale residential infill and intensification (including servicing capacity).
2. To provide recommendations on the policy framework, regulations and tools that would be required to ensure the development of compatible lot sizes and housing forms in the established estate residential area.
3. To undertake a comprehensive community engagement program with residents, public agencies and the development industry.

Sylvia Roberts, Brampton Resident, inquired, whether the development is in line with the MTSA and whether the MTSA would accommodate intensification as set out by the Province, for example, in the City's Downtown core.

Michelle Gervais, Planner, Integrated City Planning, advised the location in the Downtown core is a Heritage property and the City will relook at implementing higher density in that area. City of Brampton MTSA locations are beyond the targets prescribed by the Province and MTSA corridors are the key focus area for intensification.

- absence of essential services in the vicinity
- incompatibility with the surrounding area

1. That the report from Neil Chadda, Policy Planner II, Integrated City Planning to the Planning and Development Committee, to the Planning and Development Committee Meeting of September 25, 2023, re: **Supplementary Report – City-Initiated Official Plan Amendment to the Credit Valley Secondary Plan Area 45, Wards 4 and 5**, be received;

3. 4. That the revised Official Plan Amendment, which is generally in accordance with Attachment - 9 to this report, be adopted; subject to the following amendment:
