Purpose and Effect

The purpose of the application is to amend the current residential apartment zoning designation to increase the building height along Bovaird Drive (from 9 to 15 storeys) and along an internal street (6 storeys) as well as to introduce stacked townhouses. A new “Open Space” zone is also proposed to facilitate a public park. The proposed zoning revisions will accommodate the proposed plan of subdivision, with a total of approximately 1,241 residential units.
