Purpose and Effect

The City's first housing strategy – *Housing Brampton* – was endorsed by Council in May 2021. The Strategy proposes a range of solutions and approaches to address housing affordability, including the objective of increasing and maintaining the supply of purpose-built rental housing.

The purpose of this public meeting is to present a by-law that would seek to **regulate the conversion and demolition of residential rental properties with six (6) or more dwelling units, enabled through Section 99.1 of the *Municipal Act*, 2001.**

The intent would be to preserve access to affordable rental housing options and ensure the protection of residential tenants.

The proposed by-law includes:

- Application requirements for proposals seeking conversion or demolition;
- Requirements of approval by Council of a "Section 99.1 Permit" application which would identify when a conversion and/or demolition are appropriate;
- Conditions of approval of an application made for a Section 99.1 Permit when requirements are not met; and
- Enforcement and penalties related to work done without a Section 99.1 Permit.
