Purpose and Effect

The plan of subdivision application proposes the development of single-detached residential dwellings (51 lots), a Natural Heritage System (NHS) block, a portion of a future local park, and road network. Although not shown, the plan may include a street connection to the westerly residential lands by way of extending the proposed Callahan Court. This potential change would necessitate reconfiguration of the road and lots. An associated application to amend the Zoning By-law to facilitate the proposed development is also submitted.

The property is located west of McLaughlin Road, south of Mayfield Road. It currently has no civic address.

If you have received this notice as an owner of a property and the property contains 7 or more residential units, the City requests that you post this notice in a location that is visible to all the residents, such as on a notice board in the lobby.

Important Information about making a submission

- (a) The person or public body is not entitled to appeal the decision of the City of Brampton to the Ontario Municipal Board; and,
- (b) The person or public body may not be added as a party to the hearing of an appeal before the Ontario Municipal Board unless, in the opinion of the Board, there are reasonable grounds to do so.
