MAYOR'S FAITH LEADERS FORUM RECAP

What We Heard

On April 30th 2019, City Hall welcomed leaders of all religious backgrounds to come together to build interfaith collaboration. Three main questions were posed:

- What is the best way for the City to relay information regarding opportunities to participate?
- What experiences has your congregation had that should be brought to the City's attention?
- How can the City of Brampton and your faith group collaborate?

Communication and Engagement

- Quarterly e-mail blasts, including links to relevant webpages
- Accessible social media outlets (relevant Facebook pages, Twitter, Instant Messaging, etc.)
- In-person attendance at special events, information booths at events/meetings
- Mail outs, flyers, signage and other forms of passive engagement

Your Experiences with the City of Brampton

- Challenges of Zoning By-laws
- Red Tape removal in Planning
- Housing affordability
- The health of our community
- Building community

How Can We Collaborate?

- Multi-faith meetings, interactions and workshops
- Better understanding of dynamics of faith congregations and organizations
- Joint initiatives and Congregation-led initiatives which align with both city and faith groups goals
- City/Faith co-developed work plan

ADVANCING THE 2040 VISION

Advancing the 2040 Vision

We also had a great discussion on how each congregation could advance a particular action item from the **2040 Vision**. The six (6) action items focused on were:

- Social Hubs
- Brampton Trees Project
- Housing Action
- Healthier Brampton
- Institute for Cultural Diversity
- Social Development

Advancing the 2040 Vision

- Places of Worship can serve as social hubs
- Organize with congregations to plant trees on properties and across the City of Brampton
- Toolkits to provide guidance and move toward a healthier Brampton
- Through the lens of social development – more organized events, regular engagement and city and inter faith collaboration

PLANNING 101

Official Plan: What is it?

- Clarifies and provides city building objectives
- Guides the realization of a vision for the future of the city
- Identifies and defines the components of the city – not as they are today, but as they are envisioned
- Provides a policy framework to make the vision real

Why is an Official Plan Necessary?

Brampton Plan will replace Brampton's 2006 Official Plan, which:

- Was approved and published in 2008
- No longer fully reflects City priorities, or embodies best practices in municipal land use planning
- The Provincial legislation governing municipal planning has also been updated recently
- To conform with the initiatives of Brampton's 2040 Vision and the Regional Official Plan

How does the Brampton Plan impact me?

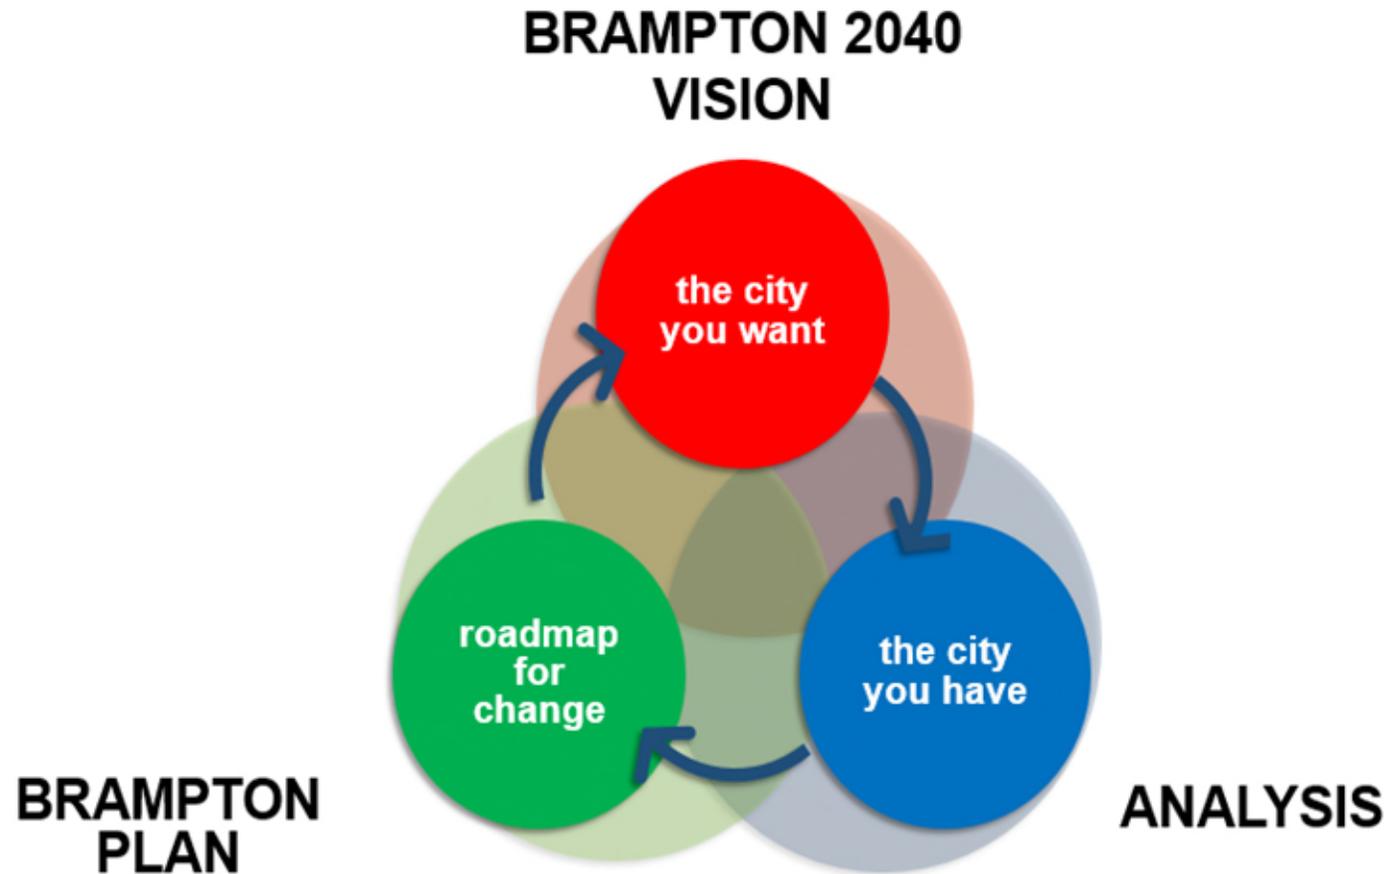

- It guides where we live, work, learn, shop and play
- Determines how we interact and use spaces, such as streets, parks, transit, schools, social services, libraries, and recreational facilities
- Engagement with all groups is important to building a great city
- Official Plan policies impact Places of Worship and Faith Communities

OVERVIEW OF THE BRAMPTON PLAN PROJECT

From Vision to Reality

A New Brampton Official Plan = Brampton Plan

Brampton is preparing to develop a new Official Plan (OP)

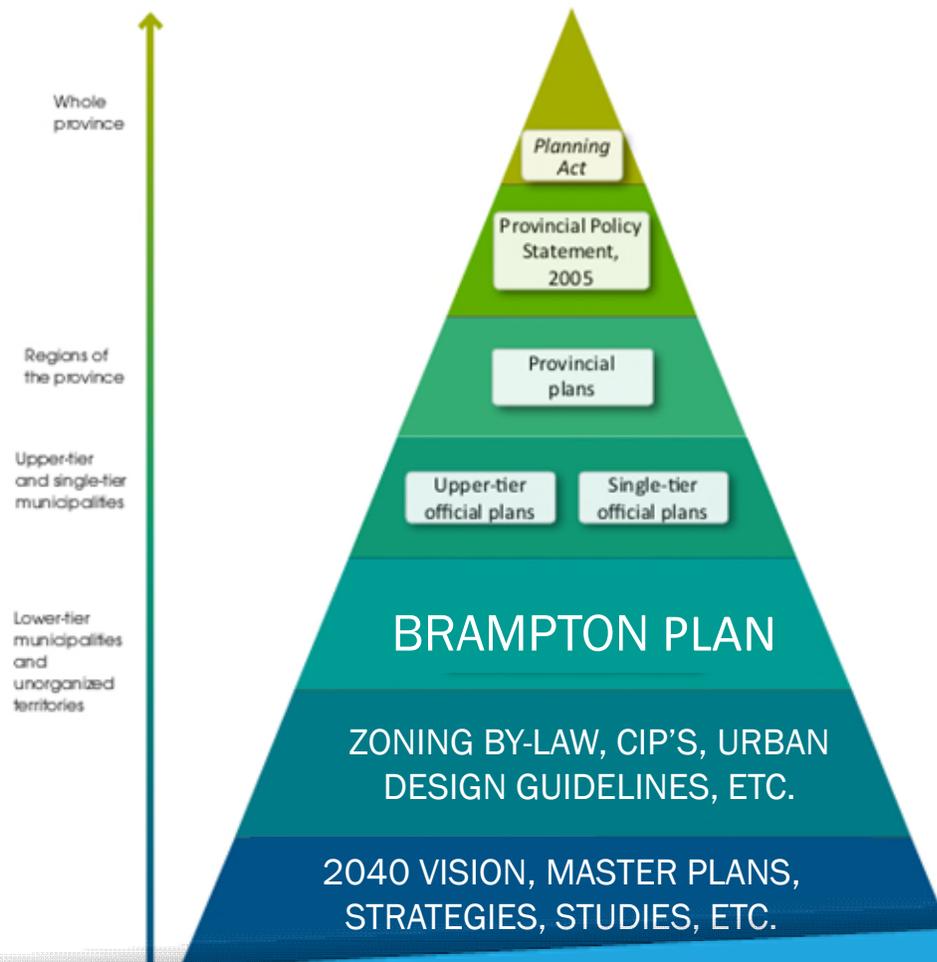

- To be adopted by Brampton Council and Peel Regional Council
- A key focus for implementing the Brampton 2040 Vision, and master plans

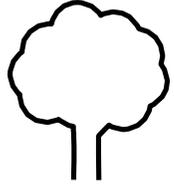

How will Brampton Plan work in relation to other planning documents?

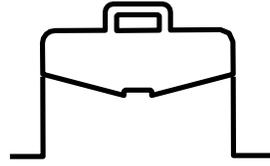

- Must conform to the Regional Official Plan
- Highest order planning document for the City of Brampton

Ontario's policy-led planning system

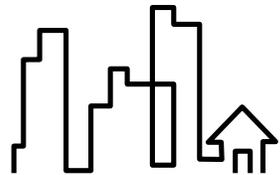

SUSTAINABILITY AND THE ENVIRONMENT

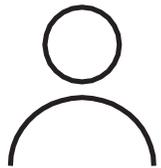

JOB AND LIVING CENTRES

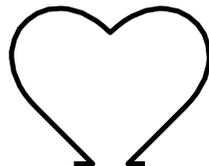

NEIGHBOURHOODS

TRANSPORTATION AND CONNECTIVITY

SOCIAL MATTERS AND HOUSING

HEALTH

ARTS AND CULTURE

Discussion papers will include a focus on the seven core Brampton 2040 Vision Statement Areas and how they translate into Policy Directions.

Brampton Plan...

**Will reinforce what
Brampton is doing well.**

**Will strategically intervene
in those areas where
Brampton needs to
change.**

ENGAGING WITH THE COMMUNITY

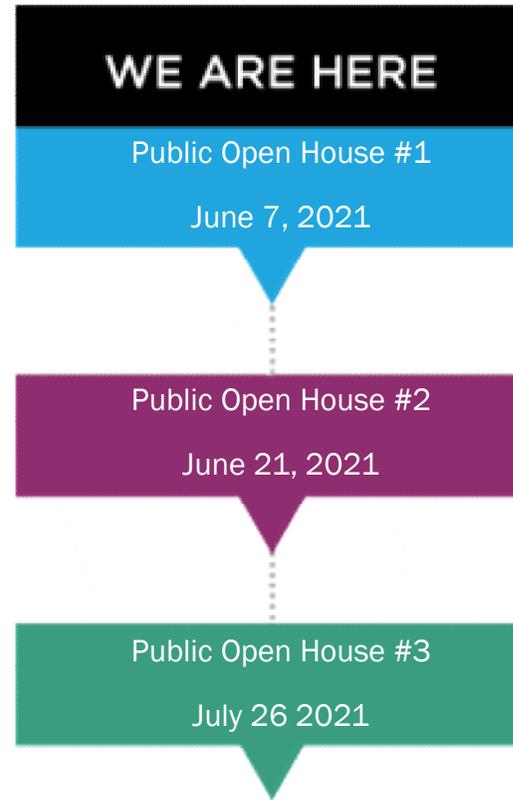

OUR COMMITMENT TO ENGAGEMENT

A comprehensive Engagement Strategy has been developed to engage all target audiences in the Brampton Plan process.

ANY QUESTIONS?

DISCUSSION PERIOD

What can the City and Brampton Plan do with the physical form of the city (i.e. where/how your Place of Worship is located) that can help improve your day to day activities and relationship with your faith community?

What are some other topic areas you would like the City to explore as they update their Official Plan? What have we missed in today's discussion that is most important to you?
