PROCLAMATION

Save Soil Day

WHEREAS: The Save Soil movement aims to address the soil crisis by raising awareness and bringing together people to stand up for soil health, and support leaders to implement policies and actions toward increasing the organic content in cultivable soil. According to the United Nations Convention to Combat Desertification (2020), by 2050, 90% of Earth's soils could be degraded unless we act now.

Conscious Planet is an effort to raise human consciousness and bring a sense of inclusiveness such that multifarious activities of our societies move into a conscious mode.

An effort to align human activity to be supportive of nature and all life on our planet. In this inclusive undertaking, everyone is uniting behind a common purpose to address the alarming crisis of soil extinction. For our children and future generations, it is critical to leave behind a planet capable of producing nutritious food and sustaining all life.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim March 21, 2023 as “Save Soil Day” in the City of Brampton.

Mayor Patrick Brown, City of Brampton
