

# PROCLAMATION

## Pollution Prevention Week

**WHEREAS:** Pollution Prevention Week is an annual campaign dedicated to raising awareness and inspiring action to reduce or prevent pollution before it is released into the environment.

The City of Brampton is committed to protecting and enhancing the natural environment while fostering a healthy, sustainable, and resilient community. Pollution Prevention Week provides an opportunity to educate and empower residents to take everyday actions that help prevent pollution and protect Brampton's local waterways.

Throughout Pollution Prevention Week, the City of Brampton will promote practical actions that residents can take to prevent pollution through a public awareness campaign. This year's campaign includes a contest that showcases how the community helps protect local waterways.

Pollution Prevention Week raises awareness of everyday actions that help reduce pollution at its source, promotes community stewardship of Brampton's natural environment, and encourages residents to work together to protect local waterways for current and future generations.

**THEREFORE:** I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim September 21 - 27, 2026, as "Pollution Prevention Week" in the City of Brampton.

Mayor Patrick Brown, City of Brampton
