

PROCLAMATION

National Seniors Day

WHEREAS: The Parliament of Canada established October 1st as National Seniors Day through the Celebrating Canada's Seniors Act, 2010, recognizing the significant contributions older Canadians have made and continue to make to our families, workplaces, communities, and country.

The United Nations designated October 1st as the International Day of Older Persons through Resolution 45/106, recognizing the achievements, experience, wisdom, and continuing contributions of older persons worldwide.

Older adults strengthen our municipality through volunteerism, caregiving, mentorship, civic engagement, community leadership, and a lifetime of service that enriches our social, cultural, and economic well-being.

Recognizing National Seniors Day provides an opportunity to celebrate older adults, promote healthy aging, dignity, inclusion, accessibility and respect, and reaffirms our commitment to building an age-friendly community where everyone can age with dignity. Residents are encouraged to honour the many contributions of older adults and to support initiatives that promote healthy, active, and inclusive aging for all.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim October 1, 2026, as "National Seniors Day" in the City of Brampton.

Mayor Patrick Brown, City of Brampton
