PROCLAMATION

Bike Month

WHEREAS: June is celebrated annually as Bike Month in the Greater Toronto and Hamilton Area, and Brampton reflects this spirit with its diverse, safe, and integrated transportation options that support civic sustainability by prioritizing walking, cycling, and transit.

The Brampton Active Transportation Advisory Committee offers input and guidance to City staff and Council on creating and maintaining a safe, connected cycling network within Brampton and its neighbouring municipalities.

The committee also supports the development of an integrated multi-modal transportation system and promotes a culture where cycling is a preferred choice for both recreation and everyday travel.

Bike Month brings together families, commuters, and community groups to promote cycling via the May 24th Bike Festival, June 7th's Bike the Creek, June 18th's Bike to Work Day for city staff, and numerous community bike rides and bicycle repair shops hosted by the Active Transportation Advisory Committee and Brampton Bike Hub respectively.

Bike Month presents an opportunity to encourage those who live and work in Brampton to try riding a bicycle for everyday trips, as well as for recreation, and to realize the health, environmental, and economic benefits of doing so.

THEREFORE: I, Mayor Patrick Brown, on behalf of Brampton City Council, do hereby proclaim June 2025 as “Bike Month” in the City of Brampton.

Mayor Patrick Brown, City of Brampton
