1 - A **declined ballot** is a ballot returned by the voter to the Deputy Returning Officer (DRO) indicating that the voter is declining or refusing to vote. The DRO advises the voter is no longer entitled to vote as their right to vote is forfeited.

After Voting Day, the Election Office will prepare a report from the voting location statements of the DROs that identifies the total number of declined ballots for each voting location. This total for each voting location will be the number of declined ballots for the purpose of Section 55 of the *Municipal Elections Act, 1996*.

2 - A **rejected ballot** is a ballot that has been over-voted for at least one office (i.e. more than one candidate has been marked for the office) and cast in the vote tabulator.

A rejected ballot does not include an under-voted ballot, where a voter chooses not to vote for any or all offices.

After Voting Day, the Election Office will prepare a report from the election reporting system that identifies the total number of over-voted offices for each voting location. This number for each voting location will be the number of rejected ballots for the purpose of Section 55 of the *Municipal Elections Act, 1996*.
