NO

Are you sure?

Mom may be off hunting or not want to come around if people are present. Watch for her to come back for a few hours.

Pro tip: Leave a ring of flour around the kittens. Check in a few hours if you see mom's foot prints in the flour!

Contact us for more information on having the kittens admitted to the shelter for medical treatment, spay/neuter, and adoption. We can also help determine if mom is a candidate for adoption or spay and return to field.
