

# **BUILDER BULLETIN #2020-06**

(April 20, 2020)

## **IMPORTANT NOTICE TO BUILDERS**

---

### **ELECTRONIC SUBMISSION OF BUILDING PERMIT APPLICATIONS**

In response to the closure of City facilities due to the Covid-19 precautions, the City of Brampton Building Division is excited to announce our interim on-line permit solution. Starting today, applications for certified models, custom homes and repeat sitings can now be submitted without having to attend our office in person.

Please visit [www.brampton.ca/building](http://www.brampton.ca/building) for information regarding submission of production home builder's applications.

A [Submission Requirements](#) document has been prepared for assistance in starting your online application.

Please note that the acceptance of an application or the issuance of a permit does not override Provincial legislation requiring only essential services to remain in operation. The City of Brampton will only conduct inspections for work which is deemed to be an essential service as defined:

<https://www.ontario.ca/page/list-essential-workplaces#section-10>

For any enquiries regarding the above, please contact the Building Division at [building.inquiries@brampton.ca](mailto:building.inquiries@brampton.ca) for assistance.
