

# **BUILDER BULLETIN #2026-02**

(February 13, 2026)

## **IMPORTANT NOTICE TO BUILDERS**

---

**Changes to  
Application for a Permit to Construct or Demolish Form  
(Effective February 16, 2026)**

### **Application for a Permit to Construct or Demolish**

The updated form replaces outdated Tarion/Ontario New Home Warranty Program references and adds a field to capture the New Home Construction Licensing Act, 2017 (NHCLA) builder/vendor license number(s) for new homes. In addition, an editorial change recommends providing builder information if this is known at the time of permit application.

This change is being made to align the form with current builder/vendor licensing under the NHCLA, support consumer protection, and improve information-sharing with regulators.
