

BUILDING DIVISION

Planning, Building and Growth
Management

Year-end report

2024

BUILDING DIVISION OVERVIEW

In 2024, the Building Division issued 7,379 permits with a total construction value of over 2.4 billion dollars. There were 218,730 building inspections conducted in 2024, ensuring compliance with the Ontario Building Code and other applicable laws. Building Division plays a critical role in safeguarding the community and residents by ensuring that all construction meets safety, structural, and regulatory standards.

In June 2024, the Building Division saw the launch of the [Brampton Building and Business Portal](#), a cutting-edge online tool enabling customers to apply and pay for building permits, schedule inspections, track application statuses and access property records. This innovative portal has significantly improved citizen satisfaction by streamlining interactions between applicants, homeowners, and City staff. For this achievement, the City of Brampton was honoured with the **2024 Granicus Digital Government Award for Operational Excellence**, recognizing the City's dedication to delivering efficient, innovative, and effective government services.

The City of Brampton’s Building Division continues to lead in establishing Additional Residential Units (ARUs), providing affordable housing options for citizens. In 2024:

- 2,585 additional Second Unit Dwellings (Basement Apartments) were registered, bringing a total of 22,892 officially registered second units in Brampton.
- 7 Garden Suites were registered.
- The division continued permit reviews for third-unit dwellings, receiving 87 applications.

You can learn more about Additional Residential Units on our website at www.brampton.ca/building

BUILDING ACTIVITY LEVELS 2015 – 2024

YEAR	CONSTRUCTION VALUE OF PERMITS ISSUED	PERMIT REVENUE	PERMITS ISSUED	INSPECTIONS CONDUCTED
