

SHARE YOUR VOICE — FILL OUT THE COMMUNITY SURVEY

Invasive species are plants and animals including pests introduced to new ecosystems where they can harm nature in our parks, gardens and neighbourhoods.

Brampton is creating its first Invasive Species Management Strategy and we want your input to help guide its development.

Why take the survey?

- Share what you care about and what management actions matter most to you
- Suggest ideas for future events and resources
- Help find ways to protect Brampton's nature

You could win!

Complete the survey by August 29, 2025 for a chance to win one of 10 gift cards including Presto cards, TRCA/CVC Conservation Parks Family passes and Ontario Parks passes.

To take the survey, visit **brampton.ca/invasives**

INVASIVE SPECIES ID GAME

How many invaders can you identify?

1 _____

2 _____

3 _____

4 _____

5 _____

6 _____
