HOME FIRE SAFETY CHECKLIST

Is your home safe from fire?

Take a few minutes and walk through each room in your home with this checklist.

COOKING SAFETY

YES NO

Does an adult stay in the kitchen when cooking food on the stove?

Are nearby countertops clear of clutter?

Are pot handles turned towards the back of the stove to avoid accidents?

Are curtains, paper towels, and oven mitts, or anything that can burn, far away from the stoyetop?

Are children kept one metre away from the stove when adults cook?

CANDLE SAFETY

YES NO

Are candles kept 30 centimetres away from anything that can burn?

Are candles kept out of the reach of children and pets?

Do you blow out or snuff out candles before leaving a room or when you go to bed?

HEATING SAFETY

YES NO

If space heaters are used in your home, are they one metre away from things that can burn?

Are space heaters turned off and unplugged when you leave the room or when you go to bed?

Does your fireplace have glass doors or a sturdy metal screen to catch sparks?

Has your chimney been cleaned and inspected in the last year?

Has your furnace been serviced by a professional in the past year?

Are propane tanks, gasoline, or fuels stored safely outside your home?

MATCHES AND LIGHTERS

YES NO

Are matches and lighters stored in a high cabinet out of the reach of children?

If an adult smokes, do they have only one book of matches or one lighter?

Is it kept with the adult at all times?

ELECTRICAL SAFETY

YES	NO	
	Ш	Are power bars used instead of extension cords? Are they in good condition not frayed or cracked?
		Do you avoid placing electrical cord: under rugs or across doorways?
		Are small kitchen appliances such as kettles, toasters and coffee makers

unplugged when not in use?

SMOKING SAFETY

YES	NO	
		Does an adult extinguish ashes into a metal tin with sand?
		Do any smokers in your family use a large, deep ashtray?
		Are smoking materials kept on the adult or in a high cabinet?
		Do smokers avoid smoking in bed,

while on medication, or when tired?

SMOKE ALARMS AND (CO) CARBON MONOXIDE ALARMS

HOME FIRE ESCAPE PLAN

YES	NO	Have you and your family made a fire escape plan if the smoke or CO alarm activates?
		Do you have two ways out of every room? Do you have a meeting place a safe distance outside the front of your home?
		Have you practiced a home fire drill with everyone in your household?
		Is there a designated person to help the very young, elderly or any one with disabilities?

WHAT IS OUR SCORE?

Our score

Add up the number of "YES" responses in your checklist. Give yourself one point for every "YES" response.

- If you answered "Yes" to all of the 30 checklist questions above, congratulations! You are a fire expert.
- If you answered "Yes" to at least 25 questions, you're well on your way to a fire safe home.
- If you answered "Yes" to between 15 and 20 questions, you are on the right track but there is still some work to be done.
- If you answered "Yes" to fewer than 15 questions, there are some important changes that need to be made around your home to make sure everyone in your home is safe from fire.
