New Recreation Registration Software Coming Summer 2020

In Summer 2020, we're launching a new user-friendly online recreation registration system. New system features include: simplified sign in, easier navigation, enhanced search filters, and automated email notifications for reminders, cancellations and waitlists.

As we prepare to transition to the new software, we're asking current recreation users to take a moment to update their accounts. This will ensure that up-to-date and accurate contact information is migrated to the new registration system.

For more information, visit us online.

WHAT'S ON EVENT LISTINGS
