RE: Clark Boulevard Extension and Eastern Avenue Improvements from Rutherford Road to Kennedy Road Municipal Class Environmental Assessment Study

Dear Indigenous Representative,

The City of Brampton has initiated a Schedule 'C' Municipal Class Environmental Assessment (Class EA) Study to confirm the recommendations from the 2015 Transportation Master Plan, including:

- Extension of Clark Boulevard from Rutherford Road to Hansen Road to accommodate a new four lane road; and,
- Widening Eastern Avenue from two to four lanes from Hansen Road South to Kennedy Road by 2021.

The study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Class Environment Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act. The Notice of Commencement will run in the Brampton Guardian and a copy is attached for your reference

The Class EA Study will:

- Review existing conditions and future transportation needs along the study corridor
- Identify opportunities for improvements to accommodate the current and future transportation needs of pedestrians, cyclists, and motorists along this corridor including safety improvements and impacts to the social, cultural and natural environment
- Collect, document and assess input and feedback from residents and affected groups within the area.

Please advise the Project Team of your interest in these studies by responding to this letter (by mail or email) with the following information or returning the attached form by **March 22, 2019**:

- The representative from your community / organization who will participate as part of the Study
- If you would like to be removed from the Project Contact List because your community/ organization has no concerns
- Initial comments and feedback pertaining to the study that should be considered as we move forward with this project

Please be advised that in association with this letter to your community / organization, we have issued letters to the following Federal and Provincial Agencies, as well as Indigenous Groups:

- Six Nations of the Grand River;
- Haudenosaunee Confederacy Chiefs Council;
- Mississaugas of the Credit First Nation; and,
- Huron-Wendat Nation

If you have any questions or require additional information, please do not hesitate to call me at 905-874-5164 or via email at Mario.Goolsarran@brampton.ca, or the Consultant Project Manager, Tara Erwin at 289-695-4653 or via email at Tara.Erwin@hdrinc.com,

Regards,

Mario Goolsarran, P.Eng,
Senior Project Engineer,
City of Brampton

Public Notice

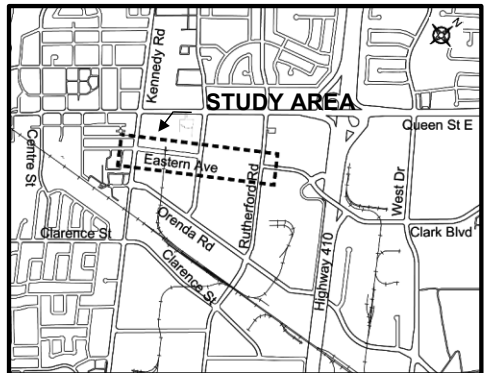

NOTICE OF STUDY COMMENCEMENT

Municipal Class Environmental Assessment Study for Clark Boulevard Extension and Eastern Avenue Improvements from Rutherford Road to Kennedy Road

The Study

The City of Brampton has initiated a Schedule 'C' Municipal Class Environmental Assessment (Class EA) Study for the following:

- Extension of Clark Boulevard from Rutherford Road to Hansen Road to accommodate a new 4 lane road
- Widening of Eastern Avenue from 2 to 4 lanes from Hansen Road South to Kennedy Road.

In 2015, the City of Brampton completed a Transportation Master Plan that recommended the extension of Clark Boulevard and improvements to Eastern Avenue. The Class EA Study will evaluate the current and future transportation capacity needs, identify possible improvements to accommodate the needs of pedestrians, cyclists, transit and motorists within the project limits, including safety improvements. Impacts to the social, cultural and natural environment and mitigation measures will also be identified.

The Process

This notice signals the commencement of the Municipal Class Environmental Assessment Study. The study will define the problem, identify and evaluate alternative solutions, develop a preferred design, assess potential impacts and identify mitigation measures associated with the preferred design for the corridor in consultation with adjacent property owners, regulatory agencies, Indigenous communities, members of the local business community and the public. The study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Class Environment Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the *Ontario Environmental Assessment Act*.

A key component of the study will be consultation with interested stakeholders, including the public, agencies and Indigenous Communities. Two Public Information Centres (PICs) will be held to present the project, review the study findings and discuss issues related to the project including alternative solutions, evaluation criteria, alternative design concepts, and environmental impacts and mitigation measures. Details regarding the forthcoming PICs will be advertised as the study progresses. Upon completion of the study, an Environmental Study Report (ESR) will be prepared and made available for public review and comment.

RE: Clark Boulevard Extension and Eastern Avenue Improvements from Rutherford Road to Kennedy Road Municipal Class Environmental Assessment Study – Online Public Information Centre

Dear Indigenous Representative,

The City of Brampton is undertaking a Schedule 'C' Municipal Class Environmental Assessment (Class EA) Study to review the extension of Clark Boulevard from Rutherford Road to Hansen Road to accommodate a new four lane road and the widening of Eastern Avenue from two to four lanes from Hansen Road South to Kennedy Road. Improvements will consider opportunities to accommodate current and future transportation needs of pedestrians, cyclists, transit and motorists.

The study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Class Environment Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act.

Online Public Information Centre

You are invited to participate in the **Online Public Information Centre** to learn about the project findings to date and share your input! The City will be posting open house content on the City's website www.brampton.ca/ClarkBlvdExt starting **September 10, 2020** through to **October 9, 2020**. Refer to the enclosed Notice of Online Public Information Centre#1 for more details on how to participate and share your input.

Please be advised that in association with this letter to your community / organization, we have issued letters to the following Federal and Provincial Agencies, as well as Indigenous Groups:

- Six Nations of the Grand River;
- Haudenosaunee Confederacy Chiefs Council;
- Mississaugas of the Credit First Nation; and,
- Huron-Wendat Nation

If you have any questions or require additional information, please do not hesitate to call me at 905-874-2130 or via email at Soheil.Nejatian@brampton.ca, or the Consultant Project Manager, Tara Erwin at 289-695-4653 or via email at Tara.Erwin@hdrinc.com.

Public Notice

NOTICE OF ONLINE PUBLIC INFORMATION CENTRE #1 Municipal Class Environmental Assessment Study for Clark Boulevard Extension and Eastern Avenue Improvements from Rutherford Road to Kennedy Road

The City of Brampton is undertaking a Schedule 'C' Municipal Class Environmental Assessment (Class EA) Study for the following:

- Extension of Clark Boulevard from Rutherford Road to Hansen Road to accommodate a new 4 lane road
- Widening of Eastern Avenue from 2 to 4 lanes from Hansen Road South to Kennedy Road.

The EA study is assessing improvements along the study corridor to accommodate current and future transportation needs of pedestrians, cyclists, transit and motorists. You are invited to participate in the **Online Public Information Centre** to learn about the project findings to date and share your input.

The Process

The study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the *Municipal Class Environmental Assessment* (October 2000, as amended in 2007, 2011, 2015), which is approved under the Ontario Environmental Assessment Act

Online Public Information Centre

The City of Brampton is working hard to protect the health and wellbeing of our community. To help protect the health and safety of residents and staff during the COVID-19 pandemic, this Public Information Centre (PIC) is being held using a virtual format.

The City is committed to informing and engaging the public on the Clark Boulevard Extension and Eastern Avenue Improvements Class EA and will be posting Public Information Centre content on the City's website starting **September 10, 2020** to **October 9, 2020**.

How to Participate:

Step 1: Visit www.brampton.ca/ClarkBlvdExt by using your computer or mobile phone.

Step 2: View the materials and complete the comment form provided on the website.

If you are unable to participate online please leave a voicemail with your name and phone number and a member of the project team will contact you for your input.

RE: Clark Boulevard Extension and Eastern Avenue Improvements from Rutherford Road to Kennedy Road Municipal Class Environmental Assessment Study – Online Public Information Centre #2

Dear Hazel Hill of the Haudenosaunee Development Institute,

The City of Brampton is undertaking a Schedule 'C' Municipal Class Environmental Assessment (Class EA) Study to review the extension of Clark Boulevard from Rutherford Road to Hansen Road to accommodate a new four lane road and the widening of Eastern Avenue from two to four lanes from Hansen Road South to Kennedy Road. Improvements will consider opportunities to accommodate current and future transportation needs of pedestrians, cyclists, transit and motorists.

The study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Class Environment Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act.

Online Public Information Centre #2

You are invited to participate in **Online Public Information Centre#2** to share the alternative design concepts considered for the preferred solution for the corridor and their evaluations for a preferred design and to obtain your input. The City will be posting open house content on the City's website www.brampton.ca/ClarkBlvdExt starting **October 7th, 2021** through to **November 5th, 2021**. Refer to the enclosed Notice of Online Public Information Centre#2 for more details on how to participate and share your input.

Please be advised that in association with this letter to your community / organization, we have issued letters to the following Federal and Provincial Agencies, as well as Indigenous Groups:

- Six Nations of the Grand River;
- Haudenosaunee Confederacy Chiefs Council;
- Mississaugas of the Credit First Nation; and,
- Huron-Wendat Nation

Information will be collected in accordance with the Municipal Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.

24	Konrad Sioui	Huron-Wendat Nation	Grand Chief	12/1/2022	E-mail	Huron-Wendat Nation	Phase 4	<p>December 1 2022, the following e-mail and the Notice of Completion Letter attachment was sent:</p> <p>Dear Grand Chief Konrad Sioui,</p> <p>The City of Brampton has completed a Schedule 'C' Municipal Class Environmental Assessment (Class EA) for improvements to Eastern Avenue between Kennedy Road and Hansen Road and the extension of Clark Boulevard from Hansen Road to Rutherford Road. These recommendations were made to address capacity and operational improvements identified for Eastern Avenue and Clark Boulevard, and to accommodate planned growth in the City for all transportation modes including pedestrians, cyclists, transit users and motorists.</p> <p>An Environmental Study Report (ESR) has been prepared to document the study process, consultation efforts and recommended plan. The attached Notice and Letter of Completion places the ESR on public record for review beginning Thursday, December 1st, 2022 and ending January 14th, 2023 . The ESR can be downloaded at https://www.brampton.ca/ClarkBlvdExt. Please see the attached notice for details on the study and how to provide comments or questions.</p> <p>Thank you,</p>
