## NOTICE OF OPEN HOUSE #3 (VIRTUAL)

### New Transit Maintenance and Storage Facility

Southwest corner of Highway 50 and Cadetta Road, Brampton, Ontario

### Environmental Assessment Study

#### The Study

The City of Brampton has retained IBI Group to undertake a study and preliminary design of a new bus maintenance and storage facility for use by Brampton Transit at the southwest corner of Highway 50 and Cadetta Road in north east Brampton. This will be Brampton Transit's third bus facility. The purpose of the project is to increase maintenance and storage capacity for existing and new buses which are required to improve transit service in Brampton. The facility will include a storage area, maintenance garage, administrative offices and staff parking. A map of the site is included below.

#### The Process

The study is currently in the "Consultation" phase of the Transit Project Assessment Process (TPAP) as prescribed in Ontario Regulation 231/08. The TPAP is an approved environmental assessment process that includes assessment of potential impacts, identification of mitigation measures, consultation, and the completion of an environmental project report. The TPAP commenced on November 19, 2020.

#### Invitation to Open House #3

We invite you to participate in Open House #3. This event will be held virtually to protect the health and safety of Brampton residents and our staff. Individuals are invited to participate **online** or **by phone**.
