## NOTICE OF STUDY COMMENCEMENT Denison Avenue Extension from Park Street to Mill Street Municipal Class Environmental Assessment

### The Study

The City of Brampton has initiated a Schedule 'B' Municipal Class Environmental Assessment (Class EA) for the extension of Denison Avenue from Park Street to Mill Street (see map). This road extension was identified in the City of Brampton Transportation Master Plan Update, 2015.

The Class EA Study will evaluate traffic and connectivity needs, identify alternative road alignments, safety and operational improvements, land use implications, active transportation considerations, natural environment impacts and mitigation measures.

### The Process

This notice signals the commencement of the Municipal Class Environmental Assessment Study. The Study process includes public and stakeholder consultation, development and evaluation of alternatives, an assessment of the impacts of the proposed improvements, and develop a preferred design in consultation with adjacent property owners, regulatory agencies, Indigenous communities, members of the local business community and the public. The Study is being carried out in accordance with the planning and design process for Schedule 'B' projects as outlined in the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the *Ontario Environmental Assessment Act*.

Public and stakeholder consultation is a key element of the Class EA process to discuss issues related to the project, including alternative solutions, evaluation criteria, environmental impacts and mitigation measures. A Public Information Centre (PIC) will be held at a later date to offer an opportunity to review the Study alternatives and provide input into the Class EA process. PIC date and details will be provided as the study progresses. Upon completion of the study, an Environmental Project Report (EPR) will be prepared and made available for public review and comment

### Comments Invited

If you have any questions or comments regarding the study, or wish to be added to the study mailing list, please contact one of the Project Team members identified below:

## NOTICE OF PUBLIC INFORMATION CENTRE DENISON AVENUE EXTENSION (FROM PARK STREET TO MILL STREET) MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT

### The Study

The City of Brampton is carrying out a Schedule 'B' Municipal Class Environmental Assessment (Class EA) for the extension of Denison Avenue from Park Street to Mill Street (see map). The proposed road extension was identified in the City of Brampton Transportation Master Plan Update, 2015. The study will evaluate traffic and connectivity needs, alternative road designs, active transportation considerations and the impact of such improvements on the social, cultural and natural environments.

### The Process

The Study is being carried out in accordance with the planning and design process for Schedule 'B' projects as outlined in the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act.

Public and stakeholder consultation is a key element of the Class EA process. A Public Information Centre (PIC) has been arranged for:

**Date:** Thursday, September 19<sup>th</sup>, 2019 (Drop-in-Centre Format)

**Time:** 6:30PM – 8:00PM

**Place:** Chris Gibson Recreational Centre, Youth Room  
125 McLaughlin Road North, Brampton ON L6X 1A1

The purpose of the PIC is to review the need and justification for the road extension, alternative solutions and designs and to present a preliminary preferred design for public input. Anyone with interest in the Study is invited to attend and participate.

### Comments Invited

If you cannot attend and would like to provide comments, please forward your comments by October 11<sup>th</sup>, 2019 to either of the contacts listed below. Following the PIC, the study findings will be reviewed in light of comments received and the preliminary preferred design for Denison Avenue Extension will be confirmed.

To learn more, visit the project website at [www.brampton.ca/EnvironmentalAssessments](http://www.brampton.ca/EnvironmentalAssessments). If you have any questions or comments regarding the Study please contact either of the following project team members:

## NOTICE OF STUDY COMPLETION

### Municipal Class Environmental Assessment (EA) - Environmental Project Report Denison Avenue Extension from Park Street to Mill Street

#### The Study

The City of Brampton has completed a Schedule 'B' Municipal Class Environmental Assessment (Class EA) for the extension of Denison Avenue from Park Street to Mill Street (see map). The road extension was identified in the City of Brampton Transportation Master Plan Update, 2015.

The study assessed the need for the road connectivity, traffic operations, cross-sectional elements, alternative road alignments, and the overall impact of such improvements on the social, cultural and natural environments.

#### The Process

The study was carried out in accordance with the planning and design process for Schedule 'B' projects as outlined in the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the *Ontario Environmental Assessment Act*. The study has satisfied Phase 1 (problem or opportunity), Phase 2 (alternative solution, alternative designs and completion of an Environmental Project Report) of the Class EA process for the extension of Denison Avenue.

A key component of the study was consultation with interested stakeholders (public and agencies), including one Public Information Centre (PIC). A Notice of Study Commencement inviting initial input was published on January 24, 2019. A Stakeholder Group Meeting was held on September 10, 2019 followed by a Public Information Centre (PIC) on September 19, 2019. Following these consultations the preferred design alternative was reviewed considering comments received and modified as required. The recommended alternative for Denison Avenue includes:

- Extension of Denison Avenue with two lanes
- Urban cross-section with curb and gutter on both sides.
- On Road shared cycle lane and a 1.8m sidewalk on the north side.:

#### Environmental Project Report

The Environmental Project Report (EPR) has been prepared to document the Class EA planning and decision-making process undertaken for this study. By this Notice, the EPR is being placed on City of Brampton's web site for a public review period (starting June 4, 2020 and ending July 20, 2020) in accordance with requirements of the Municipal Class EA process. The EPR is available for review at the following link: [www.brampton.ca/DenisonEA](http://www.brampton.ca/DenisonEA)

If concerns regarding this project cannot be resolved in discussions with the City, a person or party may request that the Minister of Environment, Conservation and Parks make an order for the project to comply with Part II of the *Ontario Environmental Assessment Act* (referred to as a Part II Order). You must use a Part II Order Request Form available at [www.ontario.ca/page/class-environmental-assessments-part-ii-order](http://www.ontario.ca/page/class-environmental-assessments-part-ii-order) to request a Part II Order. To submit your Part II Order Request, you must complete the form and include your name and address, project name, proponent name, specific reasons why the request is being made, why a higher level of environmental assessment would address your concerns, information about efforts to date to discuss and resolve concerns with the proponent, the outcome you are seeking from the minister and other matters relevant to the request. Unless you state otherwise in your request, any personal information you provide will become part of the public record and will be released, if requested, to any person. Requests for a Part II Order must be received by the Minister, at the addresses below, by July 20, 2020. A copy of the request must also be sent to the Director of Environmental Assessment Branch and the City's Project Engineer at the addresses indicated below. If no request is received, the City of Brampton intends to proceed with detailed design and construction as outlined in the EPR.
