RE: Proposed Telecommunication Tower  
3 Cathedral Road – St. James the Apostle Anglican Church  
Land Use Authority Consultation and Non Concurrence

---

It has been brought to our attention by area residents and local school administrators that Bell Mobility Inc. is starting preliminary investigations to erect a telecommunication tower facility on the existing church property located at 3 Cathedral Road. This is to confirm that the City of Brampton has not received a formal consultation application for a telecommunications facility at this location. Furthermore, we would like to confirm that the city will not be providing concurrence and will not support a tower facility at this location.

At this time, The City of Brampton requests that your office find an alternate site which would be more appropriate for a telecommunication tower facility.

If you have any further questions, please do not hesitate to contact me directly via phone at 905- 874-2082 or e-mail at [dan.kraszewski@brampton.ca](mailto:dan.kraszewski@brampton.ca) .
