

THINKING BIGGER FOR A STRONGER BRAMPTON

2018 Provincial Election

CANDIDATE QUESTIONNAIRE

The City of Brampton is looking to build partnerships and work with our elected representatives to move Brampton to greater heights.

As a candidate in the 2018 Provincial Election, your opinions matter to the City and our residents. Please provide answers to the following questions.

Your answers will be posted on the City web site to keep our residents informed.

STRONG INFRASTRUCTURE

As one of Canada's youngest and fastest-growing cities, the City of Brampton faces unprecedented ridership growth on our transit system, and the pressures to cater to this demand.

How will you ensure that Brampton Transit receives its fair share of provincial funding and support?

Brampton is located in Canada's Innovation Super Corridor. Investing in a well-connected regional transit network will make it easier to move people and goods across the Greater Toronto and Hamilton Area.

How will you support planning and investment in Brampton's four mobility hubs and expedite Regional Express Rail service into Brampton?

Riverwalk is a significant project to boost sustainability, address climate change challenges and eliminate the flood risk in Brampton's historic community.

How will you advocate for provincial support and funding to make this transformative project a reality?

The City will post your answers on our website. You can submit your responses to Andrzej.Hoffmann@brampton.ca

THINKING BIGGER FOR A STRONGER BRAMPTON

2018 Provincial Election

EDUCATION EXCELLENCE & INNOVATION

The recently announced Ryerson University campus in downtown Brampton will become an agent of change and innovation for the city.

How will you support the City and other partners in developing skilled workforce of tomorrow, growing the University, and promoting business innovation?

City of Brampton is looking into the future. Together with other partners we are developing proposals for a National Centre for Cybersecurity – a place where learning, research, public safety and business come together to achieve excellence and innovation in cybersecurity.

How will you support and advocate for the proposed National Centre for Cybersecurity in Brampton?

HEALTH PARTNERSHIPS

Current patient volume numbers and funding analysis at Peel Memorial Centre show significant pressure on existing health care facilities in Brampton, resulting in long wait times and bed shortages.

How will you address the funding shortage to meet the current patient volumes, reflect the cost of delivering high quality care, and keep pace with future growth?

REGIONAL GOVERNANCE

City of Brampton is the second fastest growing municipality in Canada. Yet, only 6 out of 10 Brampton Councillors (and Mayor) sit at the Regional Council, each representing 98,939 Brampton residents compared to Mississauga and Caledon representing 72,159 and 16,625 respectively.

How will you ensure that Brampton is fairly and adequately represented at the Regional Council?
